VI. BRANCH MANAGER'S REPORT - Joshua Bernstein

- 2017 was a busy year for the Grandville branch, with increases across the board in Circulation (3%), Outreach (10%), Programming (11%), SRC completers (8%) and Visitors (2%).
- Starting next month, Grandville will host the second annual combined community reads program with the Wyoming branch. This year will focus on a book called *How Dare the Sun Rise* by Sandra Uwiringiyimana, which details her experience escaping a massacre in the Democratic Republic of the Congo, and coming to the states as a refugee when she was in middle school. The author will be coming to speak to Grandville and Wyoming high schools, and will be doing a public presentation on March 26 in Wyoming.
- Grandville staff is getting very excited about a flagship program coming up in a few weeks on March 3. Grandville will host a Battle of the Books program, which will take place at the high school. This event involves an all-morning quiz competition with 20-30 teams of kids competing over their knowledge of the 6 titles for the year. Between the teams, the coaches, and all the people who come to watch, there will likely be 300-400 people there that day.
- One of the big areas of focus for the branch in the last year has been outreach. Staff tried many things, but there are two outreach programs to highlight. One is Let's Talk Books, which is a book

talking outreach to area 4th through 6th graders, sponsored by the Kiwanis Club of Grandville and Hudsonville. The other is our Mobile Library outreach. This is an outreach program where instead of asking people to come to the library, staff brings the library to them. Staff does this every three weeks at the Middle School, the High School, and the YMCA.

- The Grandville branch has established a strong relationship with the city and the DDA to help join forces on city events. Highlights from the last year include the Fall Festival, Harry Potter-themed events, winning the annual scarecrow contest, and, most recently, the father-daughter breakfast, which included a birdhouse crafting stop. One of the next events is coming up on April 20 and is called the Art and Chocolate Walk.
- The City of Grandville has been looking into the possibility of expansion to the library over the last year. A space needs assessment was completed with an initial design and price estimate established. More recently in October a fundraising feasibility study was completed and there is now a fundraising campaign proposal for the city to consider entering. They will next be taking up the issue of the fundraising campaign during the annual budget workshop in March.

The Board asked questions and Josh Bernstein responded.

VII. FINANCE REPORTS – January 2018

- Board requested that the consulting hours for HR and IT be included in the monthly Board packets.
- Ms. Powers, the Director of Finance, reported that annual State Aid report has been submitted and so has the LBPH portion.
- Powers commented that the account labeled OverDrive in the financials was incorrectly labeled and it should be cloudLibrary. This will be fixed for next month.
- The Director of Finance presented financial results for January 2018. The cash on hand increased approximately 18% over the prior year. Revenue was approximately 50% of the budgeted amount for 2018 and up approximately 10% over the prior year. Expenditures were approximately 9% of the budgeted amount for 2018.

<u>Motion</u>: Ms. Bruursema moved to receive and file January 2018 finance reports as presented. <u>Support</u>: Supported by Mr. Cook. <u>RESULT</u>: Motion carried.

VIII. LAKELAND LIBRARY COOPERATIVE REPORT

Shirley Bruursema noted that the Lakeland Library Cooperative Board meeting was held on February 8, 2018:

- There were no action items for LLC this month but the new Director, Carol Dawe was present. Carol comes from a consortium in Illinois and is pleased with LLC and the staff thus far.
- Marla Ehlers stated that they GRPL is hopeful to have a new director by April 1.
- The Audit report was also presented and there were no issues.

VIII. DIRECTOR'S REPORT – January 2018

Director Werner highlighted the following items:

- Director Werner thanked everyone for coming to Denver for his Librarian of the Year award ceremony. He thanked Lindsey Dorfman and Gail Madziar for the speeches they gave.
- Director Werner stated that he had a Discussion with Pen Foster on a possible online high school GED program coupled with a skilled trades career. The candidate would then get an apprenticeship and be hired. It would be the first program of its kind, and he is thinking of partnering with Godfrey Lee, Kelloggsville, and/or Kent City.
- Leadership Team has decided to do two all-day retreats to foster ideas and invite speakers in to challenge them and be in the forefront of innovation.

- Director Werner met with the ALA Policy Corps in Denver to discuss legislative issues on the federal level. He will be doing a lot more with the group and travel to Washington DC for meetings.
- Director Werner acknowledged Maggie McDaniel for 37 years of service and Sandy Graham for 32 years of service. He is very appreciative of both them and is inspired.
- Ms. Dorfman gave an update on Kelloggsville. She stated that they hired a fulltime librarian to
 work with the school and KDL. This is a joint position between the two, and both will be sharing
 in the costs. As of February 1st, the branch had been open for 12 days and they had over 3600
 visitors, registered 804 students for library cards and in the first four days 494 of the students had
 used their card.
- Director Werner acknowledged that Randy Goble was the new Director of Communications.

Joanna Hogan updated the Board on the assessment of fundraising that she has been doing with KDL and staff:

- KDL is in the "doing stage" of the fundraising. There is good record-keeping, but KDL does not know their donors very well. Fundraising is also important to the organization, but needs it to be incorporated in the day-to-day activities.
- There are four pieces of the puzzle:
 - Internal (staff and Board members)
 - Fund Development Board
 - Friends groups This is the next focus for the assessment. Joanna wants to get to know the Friends groups and see how KDL and Friends interact.
 - o Townships and Cities
- Joanna will continue to come back and update the Board.

The Board asked questions of staff and staff responded.

X. NEW BUSINESS

A. Board Retreat and Board Orientation

Chair Weller stated the Board retreat is tentatively set for September 11. Part of the retreat is to onboard new members. Chair Weller asked for volunteers to host the retreat. Mr. Erlewein volunteered, and Ms. Willson and Ms. Bruursema offered to help. Breakfast will be made by Board members and Mr. Noreen said he would help with getting options for catering lunch.

B. KDL Policy Manual – Section 2: Circulation (first reading)

Lindsey Dorfman reviewed changes, and the Board asked for a change in the non-resident cards by making a fee schedule rather than changing the dates each year. The changes will be made, and a second reading will happen in March.

- * C. Issue Analysis: SirsiDynix System Administrator (first reading)
 - Carrie Wilson presented the Issue Analysis on the SirsiDynix System Administrator request. KDL strongly desires to have the expertise necessary to provide exceptional library services and user experiences by leveraging the technical features that are possible with SirsiDynix. A review of industry best practices reveals that having an onsite SirsiDynix expert is the best solution to fixing immediate issues all while forming a team of ILS experts.

The Board tabled the discussion and asked staff to bring back measurement and outcomes and a center of excellence.

D. Resolution: First 2018 Budget Amendment

Because of the budget amendment's direct relationship to SirsiDynix System Administrator Issue Analysis, the Board collectively decided to table this resolution.

1.2

E. Resolution: UAW Local 2600 Contract – Vesting Schedule Roll-Call Vote <u>Motion</u>: Mr. Cook moved to approve the UAW Local 2600 vesting schedule contract as presented. <u>Support</u>: Supported by Ms. Bruursema. Roll call taken by the Secretary: Ms. Bruursema – Yes Mr. Cook – Yes Mr. Erlewein- Yes Mr. Noreen – Yes Ms. Weller– Yes Ms. Willson – Yes Mr. Wilson – Yes RESULT: Motion carried 7-0.

XI. LIAISON REPRESENTATIVE COMMENTS – Bill Brinkman stated that Valentine's Day was a great day for KDL and Plainfield because it was tax day. Mr. Brinkman also stated that Plainfield Township is installing a system to get rid of all PFAS in the drinking water.

XII. PUBLIC COMMENTS - None

XIII. BOARD MEMBER COMMENTS

<u>Ms. Bruursema</u>: Ms. Bruursema attended ALA Midwinter and said it was a good time. Lance's award party was the best, and she appreciated the dinner they had afterwards with KDL and the representatives from Baker & Taylor. Ms. Bruursema asked about the Books for Texas, and Director Werner stated that we have 50,000 items, and the truck is leaving for Texas soon. On February 28, Lance and Ms. Bruursema will be attending a millage workshop that they have done before. March 9 is the Alliance of Trustee workshop in Southfield. The other meeting is set to be on October 5 in Lansing. The Federal government will not have funding for libraries on the budget for 2019. Ms. Bruursema asked that everyone contact their representatives and senators to advocate for library funding.

<u>Mr. Cook:</u> Mr. Cook commented on how great of a job Josh Bernstein does as manager of the Grandville Branch.

<u>Mr. Erlewein</u>: Mr. Erlewein stated that he appreciates how the Cascade Branch is gearing programs for the holiday break and reaching out to the youth and teens.

<u>Ms. Weller</u>: Ms. Weller said that Lance's party was fantastic, and that she is so proud of him and all of his accomplishments. Ms. Weller was very excited that she got to see a bookmobile in Denver that was the same manufacturer as the one KDL is making. While in Denver, she also took some time to see other 24 hour libraries and how they worked. Next week, Ms. Weller is meeting with a Lowell resident who is interested in being on the KDL Board.

<u>Ms. Willson:</u> Ms. Willson brought her daughter to the Board Meeting because she wanted her to see what mom was doing while she was away from the family and the importance of it. Sherrie thanked staff for the time they spent on the issue analysis, and thanked Josh for hosting the Board meeting.

XIV. MEETING DATES

Regular Meeting: Thursday, March 15, 2018 – KDL Service and Meeting Center – 4:30 p.m.

XV. ADJOURNMENT

<u>Motion</u>: Ms. Willson moved for adjournment at 6:28 p.m. <u>Support</u>: Supported by Mr. Wilson. <u>RESULT</u>: Motion carried.

Board of Trustees Kent District Library 814 West River Center Dr. NE Comstock Park, MI 49321

Dear Board of Trustees:

I am writing to request permission to open the Krause Memorial Branch at 9:00am on Saturday, June 2, 2018. This would be a half-hour earlier than our normal opening time.

Rockford's 10th annual community reading festival ("Reading Rocks in Rockford") is scheduled for June 2nd. Kent District Library is sponsoring/chairing the event again this year. The opening ceremony for the festival takes place at the Krause Memorial Branch at 9:45am, and participants gather in the library in advance to prepare for this event.

The library's participation in the reading festival heightens the branch's visibility in our community. Opening the library at 9:00am would allow KDL to better serve festival participants on what promises to be a busy day.

This early opening was supported by the Krause Memorial Library Advisory Board at their January 8th meeting.

Thank you for your consideration.

Sincerely,

ennyen Yerman

Dear Board of Trustees:

I am writing to request permission to close the Krause Memorial Branch from 9:30am-1:00pm on Saturday, June 9, 2018 in order to participate in Rockford's annual Start of Summer Parade. The library will then open at 1:00pm and maintain its normal Saturday hours thereafter.

We have been given permission to close for the parade for the past seventeen years and have received many positive comments from the public concerning our participation in the Start of Summer Parade. Participation in the Start of Summer Parade is a great means by which to heighten the branch's visibility in our community.

This late opening was supported by the Krause Memorial Library Advisory Board at their January 8th meeting.

Thank you for your consideration.

Sincerely,

I am requesting that the East Grand Rapids branch open at 11:00 a.m. instead of 9:30 a.m. on Saturday, June 23, 2018 to accommodate the Reed's Lake Run.

The Reed's Lake Run draws many participants and spectators, and begins and ends nearly at the door of the library. The street in front of the library will be blocked off for the event. Given the inability of customers and staff to access the library during the event, I would like to open the library one hour later than normal to provide the necessary time for the street to reopen.

Thank you for your consideration.

Kelly Richards presented information on the Employee Assistance Program offered by HelpNet. MADL uses this program. The cost for the program is very reasonable, \$3-\$5 per month per employee. The program includes family counseling, free service from an attorney up to a cap, website access to financial advice, consumer tips, webinars, career development information and more. Employers are given reports monthly and quarterly which do not give specific names regarding the services used. HelpNet is available statewide and service providers are located all around the state. The program also includes on-site counseling if needed following incidents which affect employees. They also provide sessions for in-service training on various topics. He reported that the MADL staff uses the service which also includes family members. Ferriby asked about manager referrals to the program. Richards noted that there is a "last chance" agreement that can be made available. The base price listed above provides basic services and then it can be customized to fit employer needs from that point. Contact him for more information. He noted that at the price even the smallest library could probably afford to make it available to their staff members. MADL offers it to all employees as a basic benefit.

March Board Development topic: Volunteer needed

Public CommentPamela Myers reminded everyone of the upcoming Continuing Education events.
The next Coffee, Conversation and Connections is scheduled for March 1, 2018.
The topic is IT and you do not have to be an IT specialist to attend. The Collection
Development workshop is also coming soon. Teresa thanked the committee for
their hard work on the All-Staff workshop scheduled for February 19, 2018. Check
the Lakeland calendar and website for registration information for all Continuing
Education events.

Board Comments Shirley Bruursema encouraged interested staff and board members to sign up for

the Millage workshop to be held in Flint on February 28, 2018. Both she and Lance Werner are presenting at the workshop. 2018 Trustee Alliance training sessions will feature Josie Parker from the Ann Arbor District Library. They will be held on March 9, 2018 in Southfield (registration is open) and October 6, 2018 in Delta Township outside of Lansing. Josie will also be doing a session at the upcoming Rural Libraries Conference at Grand Traverse Resort.

Marla Ehlers reported that finalist interviews for the Grand Rapids Public Library Director position will be held this week. They hope to have a new director on staff by April. The Grand Rapids Public Library Foundation will hold its annual fundraiser at the library on April 18. This year's focus will be on Women's History, Past, Present and Future.

Lakeland director, Carol Dawe reported that she is very happy to be here. She held the first team meeting with staff and they are working on some internal items. She encouraged people to contact her.

Adjournment The meeting was adjourned at 10:08 a.m.

The next meeting will be held on Thursday, March 8, 2018 at 9:30 a.m. at the Kent District Library Service Center.

DIRECTOR'S REPORT February 2018

BRANCH UPDATES

Engaging and educational programming is an essential part of library services. This month, branch managers took a critical look at their 2017 programing endeavors and were asked to summarize their upcoming program plans for 2018.

Englehardt (Lowell) Branch

The Englehardt Branch continuously seeks ways to engage the community and provide relevant programming. In 2017, the branch provided 164 programs for youth and adults, and had 3,306 people participate. For the youngest patrons, two different story times were offered - one on a weekday evening, and one on a weekday morning. During the school year, holiday and spring break programs were offered for students and families who stayed in the area and were looking for fun activities to do. Adults had the opportunity to participate in a monthly book discussion group, classes on timely technology issues such as cyber security and operating within the Windows 10 environment, as well as creative workshops.

Like other KDL branches, summer is the busiest programming season. In response to popular demand, a summer story time on Thursday mornings for young children was offered. One of the most favored programs offered was for kids who had an opportunity to read to one of four therapy dogs during Ruff Readers.

In 2018, a coding camp for students from $3^{rd} - 8^{th}$ grade was offered. It was held four consecutive days for two hours each day. Since it was the same group of kids every day, they were able to continue building on coding knowledge and work on more difficult projects as the week progressed. This program was so well-received, the branch will be hosting another during spring break and will offer a weekly Tech Explorers Club during the summer months. As a result of data analyzed on attendance during summer family

programs, only paid performers will be doing the programs since attendance was not very good for staff-created programs. Adult programming is really hitting its stride with a 336% increase in program attendance during the month of January. Community members really enjoy and want more creative programs at the library and the plan is to provide even more opportunities for them to find their inner artist!

Kentwood Branch

Kentwood Branch programming in 2017 was centered on STEM, Early Literacy, popular crowd-pleasing presenters, and repeat partnerships. Staff have taken advantage of numerous opportunities to bring KDL presentations, Lit Lunches and KDLab programs to area classrooms and after school ARCH students. As a result of this outreach programming, there have been requests for classes and ARCH groups to visit the library, and KDL is collaborating with the ARCH program to bring a popular performer to the library this summer (May Erlewine) for a special program for ARCH students and families.

Kentwood branch began an afternoon Teen Zone in 2017. This was in response to an increase in afterschool visits from teens who were mostly playing games on the computers and frequently causing disturbances. These same kids are now participating in KDLab, board games and other activities during Teen Zone, and the teens have even been recruited as volunteers to help set up and take down chairs and tables for library programs.

Popular presenter programs are bringing hundreds of attendees to the library and continue to be the highlight of Kentwood's summer programming. Most popular are any of the programs with animals, trucks or magicians!

Several highly popular programs are being repeated this summer such as the Critter Barn with the support of the Friends of the Kentwood Library, and also repeating is the partnership with the City of Kentwood for the Toucha-Truck event.

Kentwood youth staff are always looking at attendance numbers with the idea of improving or tweaking story times, the mainstay of the early literacy efforts. Staff are currently contemplating adding a Friday morning Family Story Time and eliminating a Tuesday preschool story time. The current push for parents to send their children to preschool at an early age is causing the participation numbers of the story time for the 3 to 6 age group to drop.

Krause Memorial Branch

Programming at Krause Memorial continues to be very popular. In 2017, the total attendance at programs increased by 16%. The wide variety of storytimes (babytime, rhyme time, toddler time, and storytime) remain very popular, and both Miss Shannon and Miss Heidi have loyal followings. For adult programming, two monthly book discussion groups are consistently getting good attendance and the Friday group has been meeting for over 25 years! Craft programs for adults are very popular and registration for these programs fills up quickly.

A standout children's program in 2017 was "Decorate Your Bike for the Fourth of July". Kids used KDL supplies to decorate their bikes, and many even rode them around in the library parking lot (which was closed for the event). This was done in conjunction with the GR Griffins' helmet giveaway. The "Blandford on the Road" program was also popular. This was a partnership with the Rockford Sportsman's Club. Both programs will be repeated in the summer of 2018.

A program that has seen waning attendance is the computer classes for adults. The "Learn with a Librarian" private tutoring sessions is what is trending now. This makes sense because the sessions are scheduled at a convenient time for the patron, and are tailored to the patron's interests. These private tech tutor session are very popular and the demand is increasing.

Nelson/Sand Lake Branch

This year, staff are experimenting with combining school visits with KDL Lab programming. Staff arrange to go to the schools (or they came to the library) over the course of a week then on Saturday they come to the lab in the branch. In January Miss Sara and Miss Bethany brought the KDL Lab Snap Circuits to several of the classrooms (they visited around 459 students) and the following Saturday, 21 students and families visited for the "official" program. In February staff switched the model up a bit and arranged for several of the classes to visit the branch – the class received a tour of the library and got to "play" with the KDL Little Bits Lab for about 30 minutes before returning to school. The reach was to 187 students and 17 of those students and families visited for the Saturday program. The plan is to continue to use this model periodically throughout the school year.

Lately, staff has had lot of fun growing and refining what has become a regular program - Pokémon Club day. The club started out slowly but has built up a regular following. Initially the idea was to just let the kids trade their cards and play the game but it's turned into a lot more than that with activities for Pokémon lovers of all ages including: Pokémon crafts and activity pages (coloring sheets, impossible word search, crossword puzzles, and Pokémon origami), Pokémon card trading, Pokémon deck creation, Pokémon trading card game training (staff not only train kids how to battle, but also train the parents of Pokémon fans so they can play with their kids at home). Most recently staff developed a gym badge system based on comments from club members and Ash's travels in the anime. Pokémon fans can battle one of the Gym Leaders (Miss Bethany or Miss Paula) in a 1:1, 3:3, or 6:6 Pokémon card battle. If the Pokémon fan beats the leader they earn a badge for the battle they won. The tweens and teens attending the program absolutely LOVE this – they very much enjoy beating the Gym Leaders and showing off the pins. There has been great community support for this program, with one community member donating card packs as giveaways for the kids. The Grand Rapids Symphony was also able to provide tickets to their Pokémon show. This summer, staff may incorporate some Pokémon Go activities into the program using the poke stop next to the library and the library's Pokémon Go Gym site.

Plainfield Branch

In 2017, Plainfield tried out some different types of programs and found out what was popular with patrons and what doesn't work so well. The result found that adult craft-type programs like Recycle Your Reads, Creating Mandalas and The Art of Papermaking were great successes with overflow attendees. Other types of programs like genealogy, herbal teas and the Music of WWII were not as popular, but through trial and error, Plainfield has become better able to select programs that patrons love.

Plainfield's outreach efforts were something to brag about – hats off to the Plainfield staff for getting out in the community and spreading the word on the amazing services and resources the library offers! Staff visited local kindergarten classes weekly in addition to presenting at school literacy nights, summer reading assemblies and were personally requested at four school district's summer reading literacy programs. Staff were also active participants at local senior communities bringing book discussions and craft programs to patrons who aren't able to make it into the branch.

The storytime series are some of the most popular programs and they draw a regular crowd who sing, dance, and read as a group – it's a crazy fun time. Over the summer several programs were offered for school age kids on Tuesday mornings with enthusiastic attendance including the Outdoor Discovery Center presentation, John Ball Zoo and the Star Wars Drawing class. The Build a Birdhouse program was so well attended the presenter used up all her extra supplies, allowing for as many people to participate as possible. Thursday evening summer programs were a big draw for families and large crowds came to the library to see magicians and pet animals at Critter Barn petting zoo. The year ended with popular, well-known programs like Gingerbread Lane and Ready for Reindeer.

Spencer Township Branch

Spencer programming in 2017 turned out to be great. New programs were offered and working with community partners helped in creating exciting, community-focused events. This past year two outstanding adult hands-on craft programs were offered; The Art of Papermaking and DIY Wooden Signs. Stephanie Jackson came to the library and showed patrons how to make beautiful, handcrafted paper from recycled paper scraps. Patrons worked in teams sharing blenders, paper scraps, and papermaking frames, swapping color combinations so everyone was able to make their ideal finished product. In the fall, the Mud Room visited the library and taught patrons how to make their own wooden signs. Patrons got creative by mixing stains and colors to create a truly unique wooden sign. These were two outstanding hands-on programs and based on feedback from patrons the Art of Papermaking and The Mud Room were brought back for 2018.

Spencer has two annual community celebrations that draw huge numbers of residents. In the spring the Spring Festival and Egg Hunt, sponsored by the Spencer Friends of the Library, brought together 250 patrons and they decorated bags, played games, got their face painted, and of course, found 600+ eggs hidden outside in the playground. The turnout was so great that the Spencer Friends are planning on hiding 800 eggs for children to find for 2018. Spencer celebrated the end of Summer Reading with the third annual outdoor movie in the park. This past year staff did something a little different and asked for patrons to vote on what movie would be shown. Patrons chose and oldie but a goodie, Ratatouille.

Some highlights for children and youth programming included Family Storytime featuring the Spencer Township Fire Dept. where children were able to meet the fire department, try on helmets and even shoot the fire hose. Another popular event was Critter Barn Farm on the Go, a petting zoo in conjunction with the spring plant exchange and Friends table book sale. Patrons came face-to-face with bunnies, goats, chicks, and ducks! The Teen volunteer program was also a big highlight that runs throughout the year. Teens come to the library daily to help out with programs, displays, and generally keep the Library the most happening place to be. There were so many awesome programs this year it's hard to pick a favorite, but the majority of the Spencer Branch's patrons would say the staff-led programs were the most enjoyable. KDL staff members Linda Grit presented a children's Build a Birdhouse program that wowed kids and Carlita Gonzalez brought teen's Pop-N-Paint, a soda taste-testing and canvas painting combo program. Spencer teens loved to try different sodas while painting in the garden area.

Tyrone Township Branch

In 2017 the Tyrone Twp. branch took a hard and thorough look at programming and outreach. Staff identified the need for more fun and educational programming after school for teens and tweens, and the need for better adult programs. Based on those results, it was decided to ramp up programming to teens and tweens, and scale back on programming to adults to compensate.

A mix of Teen Zones, Teen Specials (like Anti-Valentine's day pictured left), and KDL Labs for the tween crowd were offered. The programs were a combination of fun and education, and gave teens and tweens constructive activities after school.

By the end of 2017, the number of teen programs increased by 34% since 2016. The results surpassed staff's expectations: teen program attendance increased by 133%! This

strategy also helped to increase overall program attendance by 12%, despite having 12% fewer programs in 2017 than in 2016. The plan is to continue this focus through 2018. Tyrone already has awesome teen and tween programs lined up through the summer season!

Walker Branch

Programming at Walker is always a top priority and brings the community together. Most of the events are in the programming room which limits the amount of patrons in attendance. Fortunately, the City of Walker lets the staff use the City Chamber for large summer events, such as the magician, Tom Plunkard, puppet shows and other programs that draw a large crowd and need to be indoors. Most of the year programming focuses on young children and families with a few programs aimed at seniors and adults. However, over the course of the summer and during school breaks, Walker hosts more programs for teens. Because of the limitation of the program room size and the times the city allows Walker to host programs in their chambers, the Walker staff members are very diligent at choosing programs and events that they believe will have an impact on the community and draw attendance. This can be seen by the growth in program attendance overall from 2016 to 2017 without greatly increasing the amount of programs offered. The branch hosted a total of 274 programs, an increase of 18 programs from the year before, but saw an increase in attendance from 8,649 to 9,483. This averaged 35 people per program for 2017.

Toddler times and storytimes are often the most attended program. Many times these attendance numbers have been consistent from one year to the next. Focusing on the school aged crowd, program offerings have nearly doubled, increasing from 24 to 45 programs. The attendance for these programs also more than increased, going from 817 in 2016 to 2,100 in 2017.

While the goal was to try to draw in more adults to events at the library by offering 5 more programs than the previous year, this only brought in an increase of 7 people, for a total of 158. One of the most popular adult programs hosted was the root beer making class, presented by Chas Thompson of Schmohz Brewery. This event allowed patrons to experience the art of making their own root beer. They learned the steps to making a great root beer, saw the equipment needed and tried some of Schmohz's delicious root beer.

Reaching more teens was a programming goal that was achieved in the past year. In 2017 there was only one more teen program, but the attendance rose from 42 attendees to 116. One of the programs that exceeded

expectations was the *Teens Draw It*, with caricaturist Corey Ruffin. So many teens attended this program that they could not fit into the program room and had to have an impromptu class outside on the library lawn. Other successful teen programs were a cookie decorating contest, bringing 25 teens into the library, and a temporary henna tattoo program, bringing in 19 teens.

Staff are always reviewing what worked well and changing offerings or program times to achieve the best possible results. Going forward for 2018, the plan is to host a large summer carnival kickoff with attractions that include an inflatable obstacle course, slide, musical entertainment and food offerings. In years past Walker also had the Touch-a-Truck program rolled into the summer carnival. This year, however the plan to host that offering as a separate event. The start time of Babytime was also changed and is now starting at 9:30, with the goal of bringing in more babies and caregivers.

Staff have aimed to host new events during school breaks for school aged children and teens. They also plan to offer simple, less staff-intensive programs between the current programming schedules. Going forward with adult programming the hope is to partner with some of the current outreach partners in the hope that they would host programs at their locations, thereby having a built in audience or bringing their residents to the library for programs.

Teens Draw It, with caricaturist Corey Ruffin

Root beer making class, presented by Chas Thompson of Schmohz Brewery.

Wyoming Branch

Programming numbers were strong for Wyoming in 2017, with 11,943 in total attendance. Patterns in the last few years have remained consistent. The storytime attendance continues to be high. In the fall of 2017 the launch of a new staff-led Yoga Storytime has been extremely popular! Ashten Wilkey will be presenting on that unique program at MLA Spring Institute this month.

As in the past, the adult and teen programming attendance numbers were low in 2017. For Adult programs crafting type programs continue to be the best draw and those will be coming back in 2018. The goal for 2018 is to provide fewer school year programs while focusing on larger, high interest programs. The majority of teen programming in the summer.

The annual Community Reads program continues to be popular with the community and well received in the schools. Wyoming is again partnering with Grandville on the program and are eagerly anticipating the visit of the author of the chosen title – *How Dare the Sun Rise* by Sandra Uwiringiyimana. Wyoming and Godwin Schools have added the community reads program to their yearly curriculum and students in both schools are currently reading and studying the book in anticipation of the March 26 visit. The Community Reads program continues to be one of the most rewarding programs for staff as they often get to see firsthand the impact that the title has on the students.

Kelloggsville Branch

The goal for Kelloggsville programming this year is to focus on the largest audience – teens. Mike Zurgable has started a Teen Advisory Board to help determine what type of programming may be of interest to the students and other local teens. Fourteen teens showed up for the first meeting and gave staff valuable feedback. Based on this feedback staff are scheduling a SAT Study session for the spring and hoping to launch a Teen Book Discussion this summer or fall. One-on-One Computer Tutoring sessions are being offered on Saturdays and staff may expand those times if more sessions are needed.

For summer family programming there are large, community friendly events planned in order to bring families into the library, perhaps for the first time. There are several high visibility outdoor events planned including a Touch-a-Truck program in partnership with the City of Wyoming. An evening storytime session in February has begun and staff plan to take advantage of the expanded summer hours to provide a summer morning storytime. Storytime attendance has been low but it is expected that will grow as more families in the community become aware of the programming provided. As the year progresses staff will continue to learn more of what the community wants for this location.

KDL Service and Meeting Center

In February three new organizations rented rooms in the Meeting Center while three returning organizations used the KDL space. LLC had a couple of events with one being the LLC All Staff and they had around 120 people in attendance.

The Service Center has been busy as well. There is a new MelCat processing area in the open warehouse where Carrie Wilson, PSD Manager, and the PSD team will centralize the MelCat processing. Once the mezzanine for storage is built the Book Club in a Bag will also be going near this area.

As the snow has been thawing the Service Center roof is not holding up well. Before the thaw there were eight leaks that had been fixed, and after the thaw those leaks came back. No permanent damage was done, but there are major repairs that need to be made. Last year roofers came out and assessed the roof, and all four companies had the same feedback: the roof needs to be retrofitted or sealed. Laura Powers and Missy Lancaster are working on contacting a roof expert who Laura worked with on the roof replacement at the Flat River Community Library. In April, a budget adjustment will be brought to the Board for the necessary repairs.

During the thaw, a large ice chunk dropped on one of the KDL vans and smashed the windshield, dented the hood, and did some damage underneath the hood as well. Luckily the car insurance took care of the cost, as the damage was over \$2500. The van should be road-ready again in early to mid-March.

In March the Food Trucks are returning to the Service Center and they are scheduled to come until November. Come and join the KDL staff for lunch at the library and help support the local food trucks!

Volunteer Report

During the month of March, Volunteer Coordinator Calli Crow plans to visit Friends Groups' and talk about their roles in the branches and offer recruitment help and networking info as needed. During the branch visits, Calli

will introduce interested staff to Volunteer Hub's "Kiosk" for tracking volunteer hours and walk through the procedure for creating an online volunteer profile and viewing online opportunities to volunteer.

As Alliance of Friends Liaison, Calli is working to help the group plan their Spring Linking Event on Wednesday, March 21 in the KDL Meeting Center, Grand River Conference Room from 1pm until 4pm. The theme is Bylaws and Financials and there will be a networking workshop that will give the groups a chance to learn from Trustee Shirley Bruursema's decades of experience with Friends' bylaws in addition to financial best practices tips from the Cascade Friends Treasurer, Marianne Warnock.

Calli is continuing to work with Kent County Elections Director Gerrid Uzarski and Secretary of State Liaison Barbara VanderVeen after a successful pilot run of the Election Inspectors Recruitment Project in November 2017. Calli will join a committee of clerks and municipal staff to coordinate partnerships that will serve to recruit qualified election inspectors in the coming year.

Volunteers have been hard at work processing donated seeds into sample sized packets for the 2018 Seed Library. Ten volunteers have been working on take-home boxes while groups of 5-10 volunteers have been at the Service Center multiple times. All their effort will yield well over 5000 packets for distribution in the first two weeks of March.

An upcoming project to create new opportunities for KDL volunteers to be mentors or reading buddies is in the works. Calli, who has received Design Think training from Michelle Boisvenue-Fox, will put together a team that will include Plainfield Circulation Manager, Morgan Hanks, Youth Services Staff, volunteers, and representatives from community organizations that specialize in mentoring and literacy services. The Design Think will focus on creating a prototype for a volunteer mentoring program at KDL.

FINANCE DEPARTMENT

- The Finance Department staff is currently comprised of two team members (Director of Finance and Governmental Fund Accounting Specialist) with two open positions for a Team Lead and General Accountant. KDL is currently completing a search for the Team Lead position and is utilizing the services of a temporary contractor during the search. KDL will also be starting the search for a General Accountant shortly, and will likely be utilizing the services of a temporary contractor during this search as well.
- The Finance Team is in the process of converting the financial software's database and coding to accommodate the budget, chart of account, and fund changes made for 2018. This is a major undertaking that has involved creating and implementing a new chart of accounts, reports, and financial statements in a new database and managing two different databases during the transition. When fiscal year 2017 is finalized and closed, the Finance Department will be able to complete the transition to the new database.
- As part of the new database, Finance is creating reports for each department/branch so the managers will be able to closely monitor their department's expenditures. Leadership Team members also have reports for their areas of supervision.
- On March 1st KDL transitioned to using electronic requisition forms instead of hard copy forms. These forms are used by Kent District Library team members when submitting invoices for a purchase card purchase or requesting a check or purchase order. These new forms will streamline the coding and approval process for all Kent District Library team members. The Finance Department appreciates the patience of Kent District Library team members as everyone works through this new process together!

WHAT'S GOING ON AT KDL

Building Update – Ada

Ada Township has hired Scott Rantala of Jones Lang LaSalle (LLC), an international project management firm, to oversee the design and construction of the Community Center/Library Project. A Building Committee kickoff meeting was held on March 2nd. Craig Wilson, Penni Zurgable and Lindsey Dorfman represented KDL at this meeting. The building will be a 20,000-27,000 joint library/community center located off of Headly Street in Downtown Ada. The estimated completion date of the project is Jan-March of 2020. There will be a public bidding process to procure an architectural firm. LLJ will review and score all the proposals and present them to building committee in April. Three firms will be selected by the building committee to interview. A special committee made up of building committee members and township board members will be assembled to interview the firms and make a recommendation to the township board.

Building Update – Tyrone

Fishbeck Thompson Carr & Huber will be presenting the township board with a space needs assessment using the data and information gathered from an online survey and the community meetings that took place last month. The feedback from the community is that the library is well loved but needs to be big enough to accommodate the different ways people want to use the library. As Tyrone Township Branch Manager, Liz Knapp, put it, "kids want to be able to be noisier than we are able to allow them in our small space, and adults want the kids to be even quieter (and staff are in the middle trying to keep the peace)." The Township board will use this report created by FTCH to determine if they want to move forward with the project.

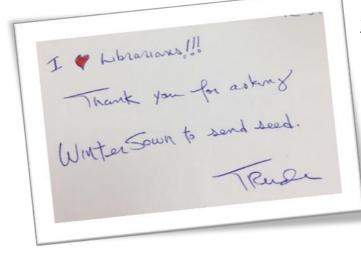

The survey report has been attached to the Director's report for your review.

Building Update – Walker

Library staff and City officials will be meeting with representatives from Fishbeck Thompson Carr & Huber to discuss next steps in the City's endeavor to enhance the library in Walker. The first phase will most likely include a space-needs assessment with input from the community, similar to the process that's being completed in Tyrone Township. Walker Branch is looking forward to working with the City on this project, and to a time when the Walker Branch can accommodate the level of programing that residents would like.

5-Day Grace Period

Implemented 5-day grace period for fines on most items (exceptions for KDL Cruiser bikes, Beyond Books collection items such as iPads & hotspots, and overnight loans). Due to staff having to backdate items manually (and remembering to do so) for times when KDL has to close for inclement weather or building issues, it was determined to institute a grace period so patron's would not be fined inadvertently if staff forgot to backdate to the last open date. Five days was chosen because of Kelloggsville's hours – if they aren't open on a Saturday then their last open day would be 5 days prior.

KDL Seed Library

Volunteers are working hard to finalize the Seed Packets and branches can expect their first shipment the week of March 12. The Community Seed Exchange is Saturday, March 10 at the Kentwood branch (10am-3pm).

KDL Cruisers

In the future, KDL desires to have local businesses or organizations sponsor bikes to build sustainability for the program. This will be discussed with the interim Fund Development Manager for the 2019 season.

Write Michigan Short Story Contest

Entries for the Write Michigan Short Story contest included 246 zip codes that with submissions even from the Upper Peninsula. The Awards Ceremony and Winners Luncheon will be at Schuler's Books & Music on Saturday, March 17. One of the highlights is an author signing at the end. Copies of the anthology sell for \$14.95 (KDL receives \$3 for each copy sold).

Rocket Night at Kelloggsville

Community Engagement staff helped Kelloggsville staff with Rocket Night at the Middle School. The event reached more than 300 hundred people. Patrons were really happy to know that the Kelloggsville branch is open to everyone. New library cards were issued and kids had fun learning with KDL Lab.

Bethany Christian Refugees Partnership

Staff visited with Bethany Christian Refugees and more than 15 library cards were issued to refugees. The refugees were really happy to get to know about the amazing free library programs and resources KDL offers. New patrons were from Rwanda, Vietnam, Bhutan and Eritrea. KDL staff learned about Eritrea, a country most had not heard before, located in the horn of Africa. For the next visit, KDL staff will show how to check out materials at the library and learn about due dates.

Martin Luther King Jr Leadership Academy

Outreach started visits to Martin Luther King Jr Leadership Academy, more than 12 children were able to had fun learning with KDL Lab. Some familiar faces from last year were happy to see Holly and Ashley back. Staff will be attending MLK twice per month through May.

Summer Reading Prizes

More than 8,000 books have been received so far at the service center. Collection Services staff are unpacking boxes so that invoices can be moved along and not stay in the system too long. These will be stored until the summer reading workgroup separates the prizes to get a special delivery ready for branches in May. Another 4,000 titles are still expected.

A New KDL Way Video

Collection Services staff are planning a video to show how they contribute to the KDL Way for staff going through orientation. Did you know that there is never delivery to sort leftover at the end of the day? Once material arrives at the Service Center, it is sorted and put out for delivery that day. Did you know that new material leaves the KDL Service Center every day to fill holds and fill branch New Book Shelves and displays?

Turnaround time update – (Turnaround time includes when items are received from the vendor to when they leave the Service Center fully processed and shelf ready).

Imagination Station

Due to a change in information staff meetings, a new approach to transferring activities to the branch imagination station needed to happen to give young patrons new activities in KDLville spaces. Michelle visited branches after the Early Literacy workgroup created a new rotation. This will happen three more times in 2018. Next year this will be budgeted for Same Day Delivery. Doing it internally allows KDL to develop some best practices and will help in training the vendor.

Kent County Teen Film Festival

The Kent County Teen Film Festival was a huge success! 275 were in attendance at Celebration Cinema North to watch films from 29 finalists. The complex program ran without a hitch, teens were able to view their films on the large screen and awards were given to the top movies, including a People's Choice Award. The KDL Fund Board supported by giving money for the team to purchase a Mac Notebook that included film editing software for the Director's Award.

KDaLe Horrocks Market Tap Takeover

The second annual event had amazing support from local breweries and fans of KDaLe programs. Over 200 attendees tried unique literary-themed brews from 8 breweries including the Giving Tree Chaga Stout from City Built Brewing Company. Patrons interacted with owners, brewers and chefs from many of the breweries.

Michigan Notable Book Tour

Kent District Library was chosen by the Library of Michigan to be a part of the Michigan Notable Book Tour. Hank Meijer, author of *Arthur Vandenberg: The Man in the Middle of the American Century*, will be speaking at the East Grand Rapids branch on Wednesday, May 2 at 6:30 pm. The Tour features authors discussing the books that were chosen as the best in Michigan over the past year.

Other KDL Signature Events

Planning is in process for many special and signature programs coming up over the next few months. The Write Michigan Awards Luncheon and Ceremony on March 17 will honor winners of the short story contest.

KDL is partnering with the World Affairs Council to host *Cultivating Community through Civil Discourse*, a series of programs throughout April at the Wyoming branch. Three speakers, including Michigan Radio's Jack Lessenberry will discuss different aspects of civility.

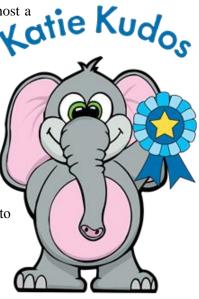

April 21 is the KDL Writer's Conference, which is held at the Service Center and will feature local author talks, breakout sessions and more for area writers.

The Programming Department is also scheduling two branches this summer to host a concert with a percussionist in partnership with the Grand Rapids Symphony.

KATIE KUDOS -

★ <u>Michelle Boisvenue-Fox (Director of Innovation & User Experience</u> <u>Director</u>) ...

nominated by Jacque Viol ... because "She had the brilliant idea of a way to move the Imagination Station items from branch-to-branch now that we are not meeting quarterly. She personally did the delivery this time to check what the issues would be with it (not just one day, but two!). Many of our smaller branches were ecstatic that they've got new items for their younger patrons to interact with."

\star <u>Liz Guarino-Kozlowicz (Branch Manager at Caledonia Township)</u> ... nominated by Crystal Logan-Syrewicze ... because "She has been an immensely encouraging boss. She's always supported me in my endeavors to grow as a library professional and provided plenty of extra opportunities for me to contribute to KDL for which I am incredibly grateful for!"

★ <u>Karen Scripsema (CA at Plainfield Township)</u> ... nominated by Liz Wierenga ... because "She works so hard on our display showcase in our front desk. Patrons, big and small, look each time when she redecorates it. It's a great opportunity to hear conversations between children and adults ... asking questions and talking about what they see. Thank you, Karen, for providing this great display for us!"

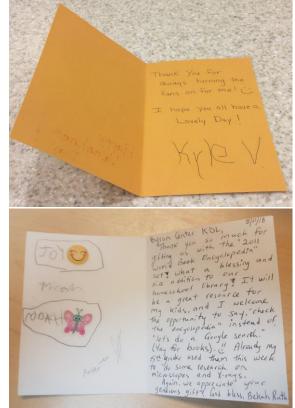

PRAISE FROM PATRONS

• Alpine Branch

• The night the Ruff Reader came in, there was an adult patron who was dealing with something pretty heavy and having a rough day. I suggested she spend some time with the ruff reader dog - after all, he is a therapy dog :) She said yes, she'd love to hug the dog before she left. She ended up sitting with the handler and talking. All. Night. At one point, I let the handler know that she could leave since there were no children. She said something like, "We're having a good talk. I'm right where I need to be tonight." The Ruff Reader handler left a nice note about her night at the library on her Facebook page: "I had an amazing time tonight. Being present and open to everyone at the Library tonight left a smile on my heart."

• Byron Township Branch

- Kyle is a special needs young man who loves the ceiling fans here at Byron. He brought the branch candy-coated pretzels and made a Valentine that reads, "Thank you for always turning the fans on for me! ⁽²⁾ I hope you all have a lovely day!"
- A patron came in and she wanted to share how much she likes CloudLibrary. There were two things that came up particularly in her conversation: "love the interface, easier to find genres" and that there were "so many more titles to check out." It was nice she took the time to express her appreciation!
- A home-schooling family dropped this card off (right) that reads: "Byron Center KDL, Thank you so much for gifting us with the '2011 World Book Encyclopedia' set! What a blessing and a nice addition to our homeschool library! It will be a great resource for my kids, and I welcome the opportunity to say 'check the encyclopedia' instead of, 'Let's do a Google Search' (Yay for books). ^(C) Already, my 5th grader used them this week to do some research on microscopes and x-rays. Again, we appreciate your generous gift! God Bless."

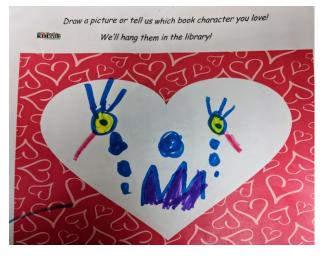

• A patron shared, at a recent VR@KDL, event how much she appreciates all of the innovative things we do here, including KDL Lab programs, Beyond Books, and the virtual reality program. She said the library where she used to live had nothing like it.

Comstock Park Branch

• Comstock Park has one of those Geek Group "Lite Brite" boards here at the library, made with golf tees. The kids get hammers to use to create designs. One child loves it so much, his Dad built him one for their home.

Englehardt Branch

Englehardt Branch in Lowell 0 received a very nice online five-star review from a parent: "Great place. Librarians are helpful and friendly (unlike 99% of libraries I visit) and aren't smug or snide and have even shown a vast sense of humor (they hung on the wall five-year-old's my colored picture of 'My Favorite Character', for which she had drawn a crying vicious monster heart with bleeding vampire teeth). Clean, great play area, friendly attitude. Grade A."

- "In case you ever wonder whether or not people notice how staff behave and what staff does, wonder no more. Keep up the awesome work!!!" branch manager, Heather Wood-Gramza, commented when sending it along to her staff.
- Patron Mark Rehwoldt took time out to write a very kind letter expressing his appreciation of the paper making class Englehardt offered this month. He wrote, 'I was enlightened. I very much enjoyed myself and I hope you hold it again! I have some ideas of things I'd like to try different next time. So, thank you!'"

• Plainfield Branch

• "A very tall, fully bearded college student came into the library with his mom yesterday. I recognized mom and made some comment to the effect that her baby was grown up. We chatted for a bit and she said, 'Your storytimes put him on the path to getting a 34 on his ACT. They turned him into a lifelong reader!""

• Walker Branch

• Staff found a patron's dad's obituary that the patron had been using as a bookmark. It was in the branch lost and found drawer ready for her to pick up. She was so touched that someone called and told her that they found it! Because it meant so much to her, she brought in a bag of chocolate kisses that are on the breakroom table for everyone's enjoyment. Pretty sweet day here!!!

KDL Policy 2.1

LIBRARY CARD REGISTRATION

All residents within the Kent District Library service area are eligible for a library card. Persons living outside the Kent District Library service area who pay property taxes to a governmental unit within the District are also eligible for a Kent District Library card.

Library cards are non-transferable. All items borrowed are the responsibility of the individual to whom the card is issued.

Juvenile (under age 18) registrations may be signed by any person willing to assume legal responsibility for library resources. Signatures indicate an acceptance of responsibility for:

- the juvenile's use of all library resources including access to the Internet;
- supervision of the juvenile's choice of materials;
- return of all materials when due;
- overdue fines when materials are returned late; and
- all losses and damages to materials and equipment borrowed.

When a juvenile patron turns 18 years of age, he/she assumes responsibility for the library account bearing his/her name including all borrowed items on that account. Any fees on the card will be moved to the co-signer's card. If the co-signer does not have a card, a bill will be mailed. All fines associated with the juvenile's account will be waived.

Library cards will have an expiration date in order to update accounts as needed.

KDL Policy 2.1.1

CARDS FOR VISITING STUDENTS

High school exchange students and college students residing in the Kent District Library service area while attending high school or college are eligible for a Kent District Library card.

KDL Policy 2.1.2 INSTITUTIONAL CARDS

If an agency, institution, or business within the Kent District Library service area requests a library card for use by its residents or staff (in their institutional role), a card may be issued if the institution's head or director agrees in writing that the institution will be responsible for any materials lost or damaged and for any fines incurred through use of the card. Such a card may be used by residents or staff of the institution at the discretion of the institution's director. The card itself must be presented to be honored. KDL will not accept personal identification in lieu of the institutional card. Due to licensing agreement restrictions, institutional cards do not allow remote access to electronic databases or downloadable items.

CHANGE

KDL Policy 2.1.3

NON-RESIDENT CARDS

Residents within the geographical area of the Lakeland Library Cooperative's boundaries who do not qualify for a library card at any Lakeland Library Cooperative member library may purchase a KDL non-resident library card for a fee. The fee covers all family members in one household and each family member may be issued their own non-resident card. KDL non-resident cards are honored only at Kent District Library branches and are not valid at other Lakeland Library Cooperative member libraries ¹ nor can be used for MelCat services. ² Non-resident cardholders may place holds on KDL items only. Non-resident cards do not allow access to KDL downloadable content including, but not limited to, eBooks and eAudiobooks.

At the beginning of each of fiscal year, Beginning January 1, 2018, a 12-month non-resident card will be available for purchase at a cost of \$60.00 (prorated on a monthly basis on the first day of each month). Non-resident cards expire on December 31, 2018.

Recommend Change 1. Addition of MelCat to reflect current practice.

Recommended Change 2. We no longer have a shared catalog which makes this sentence unnecessary.

KDL Policy 2.1.4

Children who do not have a library card, nor have a co-signer to help them get a library card, will be eligible for a Youth Card. Only books will be available for checkout with a Youth Card, and children can check out a maximum of three books. Internet access will also be available. No proof of residency will be required. Youth cards will have an expiration date.

This card can be offered by library staff at school visits to non-resident students. They would not be eligible for a regular juvenile library card due to their residency.

A maximum of three lost books will be allowed on this card. Should a child lose three books a second time, the card will be deactivated.

TEMPORARY CARD FOR ADULTS

Adults who are unable to provide proof of residency, either because they are new to the area, or are traveling, can have access to library services with a Temporary Card for Adults. This card does not require proof of residency but adults do need to show an ID card to verify their identity. A maximum of three items in any format may be checked out on this card. Internet access will also be available. Temporary Cards for Adults will expire after 3 months and full privilege cards may be obtained with proof of residency.

KDL Policy 2.2

LAKELAND LIBRARY COOPERATIVE MEMBER LIBRARY CARDS

All current Lakeland Library Cooperative member library cards will be honored by Kent District Library with the exceptions of:

- non-resident local use library cards;
- underfunded contract service area cards; and
- institutional cards.

CHANGE

KDL Policy 2.3

Last Revised 5-19-2016

LOST OR STOLEN CARDS

It is the patron's responsibility to notify Kent District Library promptly of a lost or stolen library card. If the loss or theft is not reported, the patron is responsible for all materials charged to the library card.

Patrons will be held responsible for fines ¹ and fees ². accrued levied prior to the date the loss or theft of the library card is reported, ³. as well as the value of any materials borrowed. Patrons will not be held responsible for fines ⁴. accrued after the date on which the loss or theft is reported.

Recommended change 1. Add the words *and fees* to cover charges for lost/damaged materials.

Recommended change 2. Change levied to *accrued*. Common verb used when describing library fines charged.

Recommended change 3 strike as well as the value of any materials borrowed as this is covered by adding the words and fines above.

Recommended change 2. Add the word *accrued* to make the sentence flow better

PRIVACY OF USER RECORDS

Kent District Library is bound by the <u>Michigan Library Privacy Act</u> (PA 455 of 1982) in which a "library record" is defined as a document, record, or other method of storing information retained by the library that personally identifies a library patron including the patron's name, address, email address, or telephone number, or that identifies a person as having requested or obtained specific materials from a library. The Library Privacy Act provides that a "library record" is not subject to disclosure under the Freedom of Information Act and may not be released or disclosed to any person without the written consent of the person identified in the record unless ordered by a court. Accordingly, Kent District Library will not release nor disclose a "library record" except as provided by the Library Privacy Act or as otherwise required by state or federal law. The Library, however, may use the "library record" for the purpose of retrieving overdue materials, collecting fines, and other library business permitted by law. A Kent District Library employee who receives a request for a public record shall promptly forward that request to the Library Director.

LIBRARY DOCUMENTS

Library documents and records (other than patron records covered by the <u>Michigan Library</u> <u>Privacy Act [PA 455 of 1982]</u>) shall be available to the public in accordance with the <u>Michigan</u> <u>Freedom of Information Act (FOIA)</u> [PA 442 of 1976] upon a request which precisely describes the exact library public records desired. The Library need not create new public records to satisfy a request, nor must the Library make a compilation, summary or report of information. Costs associated with responding to a request will be charged to the requester.

The Kent District Library Board of Trustees authorizes the Library Director to serve as the FOIA Coordinator and to accept and process requests for public records. The Director shall report action taken on FOIA requests at the next regularly scheduled Kent District Library Board of Trustees meeting.

Upon providing Kent District Library's FOIA Coordinator with a written request that describes a public record sufficiently to enable KDL to find the public record, a person has a right to inspect, copy, or receive copies of the requested public record.

A Kent District Library employee who receives a request for a public record shall promptly forward that request to the Library Director.

Kent District Library may charge a fee for a public record search, the necessary copying of a public record for inspection, or for providing a copy of a public record. The Library may also require a good faith deposit from the person requesting the public record or series of public records, if the fee exceeds \$50.00. The deposit shall not exceed half of the total fee.

CHANGE

KDL Policy 2.5

Last Revised 10-22-15

OVERDUE, LOST, AND/OR DAMAGED MATERIALS

Kent District Library may charge a fine for overdue materials. Kent District Library is not required to send notices for overdue or lost materials, and failure to receive a notice does not relieve the borrower of responsibility to return materials when due. Kent District Library will suspend a patron's borrowing privileges when the fines and/or fees on a patron's account exceed \$20.00.

1. When the combined value of an overdue item(s) and the fine owed on the item(s) reaches \$40.00 and the item(s) is more than sixty (60) days past due, the Library will refer the unresolved charges to a collection agency and will assess the patron a recovery fee. The Library may suspend the borrowing privileges of a patron referred to a collection agency until the charges are resolved. A payment plan may be established for a patron whose account was turned over to a collection agency by Kent District Library. The payment plan is a contract whereby the patron agrees to pay what is owed on the account within a specified time.

When the combined value of overdue item(s) and the fine owed on the item(s) reaches \$20.00 and the item(s) is more than sixty (60) days past due Kent District Library will invoice the patron. A payment plan may be established for a patron whose borrowing privileges have been suspended due to fines and/or fees owed. The payment plan is a contract whereby the patron agrees to pay what is owed on the account within a specified time.

Kent District Library may charge for replacement of materials missing, lost, or damaged. Reimbursement is required to repair or replace damaged or lost materials and will not exceed the item's original purchase price. No overdue fines will be assessed to the patron for the late return of damaged materials. No replacement items will be accepted for lost or damaged items.

Recommend change 1. We no longer utilize the services of a collection agency. It is recommend that the paragraph be changed to reflect our current practice.

FEES

Kent District Library may charge a fee for specific library services. These may include, but are not limited to, the following:

- ^{1.} faxing;
- inter-library loan services;
- photocopying; and
- printing.
- Non-resident cards

Recommended Change 1. Add faxing to reflect current services. We are adding faxing services in many of our branches.

KDL Policy 2.6

AUDIO-VISUAL MATERIALS USE

Kent District Library assumes no responsibility for damage to patrons' electronic equipment used to play library audio-visual materials.

Agenda Item for Consideration: ILS Consultant/SirsiDynix Expert

Date of Board Meetings: February 15, 2018 (first reading); March 15, 2018 (second reading)

Timeline: Consultant Selection and Contract Commitment will be made as soon as possible pending Board Approval. We desire to leverage this person for an entire year. After the first year, we will revisit how much can be done internally and how much we need more SirsiDynix expertise.

Budget Line Items: Request for a Budget Amendment to use a small portion of our Fund Balance.

Total Estimated Cost:

- \$200,000 (\$160,000 per year plus 25% for travel, lodging, and meals); or
- \$76.92 per consulting hour (plus \$40,000 for travel, lodging, and meals)

Background Facts:

The Integrated Library System (ILS) is KDL's most important automated system in regards to our ability to efficiently meet the needs of our patrons while also providing relationship-focused service. In September 2015, KDL transitioned to a new ILS, SirsiDynix Symphony and WorkFlows. The first years of the transition involved a sharp learning curve for all users of the ILS. Many KDL staff hours, as well as many custom hours of work performed by SirsiDynix staff were spent configuring and modifying the new ILS to best meet KDL's expansive needs in a broad range of departments: from cataloging and collection services, to reference, circulation, and the public-facing catalog. Currently, KDL is still utilizing SirsiDynix professional consulting services and custom work to help create and modify ILS functions and configuration to better assist the needs of patrons and staff. However, multiple staff surveys combined with anecdotal feedback has shown a high level of staff dissatisfaction with the ILS. One recent comment from a KDL manager underscores the need for improvement:

Every day is a fight with Sirsi to try and do our jobs. This is frustrating and it's hard to be charitable to people when you are in fight mode.

KDL strongly desires to have the expertise necessary to provide exceptional library services and user experiences by leveraging the technical features that are possible with SirsiDynix. A review of industry best practices reveals that having an onsite SirsiDynix expert is an affordable means to the end of providing exceptional user experiences in the delivery of library service. After months of research, we're recognizing and recommending the following:

- SirsiDynix Symphony is a multidimensional ILS with robust functionality and nearly endless customization capabilities.
- According to SirsiDynix staff, it takes three-to-five years to become an Expert in SirsiDynix products.
- KDL's current staffing structure for the management of this ILS is outdated and not sufficient to realize its potential. This model was created when KDL was using a less customizable and robust ILS.
- KDL has one "self-taught" ILS Coordinator, and one Webmaster whose workload is spread amongst the Enterprise Catalog and Website needs.
- These individuals, along with several others, will benefit from the collaborative nature of work that a professional contracted SirsiDynix Expert will bring to KDL.

Recommended Solution:

- 1. Hire a SirsiDynix independent contractor to serve as KDL's ILS Expert for one year.
- 2. Assemble an ILS Support Team consisting of 10 staff members representing the various KDL departments that use the ILS in a broad range of functionalities to promote knowledge transfer.
 - These staff members have been selected based on their proven ability to troubleshoot and actively seek out technology and other resources to find creative solutions.
 - The ILS Support Team members will participate in ongoing training in their respective areas of expertise and will serve as support to the SirsiDynix Expert.
- 3. Measure ILS improvement using variety of metrics:
 - Patron survey measuring user experience with catalog (once per year, three consecutive years).
 - Issue KDL survey measuring staff perception/satisfaction with ILS (once per year, three consecutive years).
 - Track and compare Ticket System "help tickets" from year to year:
 - 1. Number of staff tickets submitted
 - 2. Content type submitted
 - Compare yearly ILS goals and fix-it list using the following standards to categorize each listed item:
 - 1. Modification to achieve/change/improve basic functionality
 - 2. Customization to improve efficiency
 - 3. Creative addition to achieve out-of-the-box solution
 - 4. Innovative solution that will transcend industry standards

Example: How many items on the 2019 and 2020 list score at level 4 in comparison to those on the 2018 list?

• More metrics will be added with the help of the SirsiDynix Expert.

Pros	Cons
 obstacles and long-standing pain points. Quickly improve patron and staff experience. Proven successful at two other libraries. Expert will share knowledge and will be an invaluable resource in training ILS Support Team and other staff. Inside "fast track" access to SirsiDynix resources and staff. Substantial long-term savings in staffing labor costs. Candidates are trained and 	 Big change: staff will need to adjust to "outsider." Could potentially not meet KDL ILS needs. Expensive: large short-term financial investment. KDL could discover the need for more than one year of consultant service.
sanctioned by SirsiDynix, and KDL chooses the right fit.	

Hiring a SirsiDynix Expert will allow KDL to excel exponentially in terms of operations, functionality, and most importantly, our ability to further all people through the level of service we provide. (See attached ILS Staffing Comparison Chart.)

Conversely, not hiring a SirsiDynix Expert will mean additional years of continued training in order to reach optimum level with the ILS, which also means additional years of continued staff frustration with current limitations, more money invested in professional custom work to solve problems quickly and a lower level of service to KDL taxpayers.

Recommendation:

To hire a SirsiDynix subject matter expert to work onsite for one year.

ILS Staffing Comparison Chart					
	SirsiDynix Expert + ILS Support Team	Current ILS Staffing Structure + ILS Support Team (no SirsiDynix Expert)			
Quickly transition from a position of ILS basic functionality and limitations, to that of ILS customization, optimization, and ongoing innovation.	6 months - 2 yrs.	2-4 years			
Quickly acquire greater business intelligence, supporting decision- making as it relates to providing exceptional customer service in the delivery of library services to KDL taxpayers while strengthening KDL's reputation as an industry leader.	Immediate progress	2-4 years			
Quickly reduce staff time on complicated ILS procedures, which will allow them the ability to work with ease and confidence while providing an optimum level of convenient, relationship- focused service.	Immediate progress	1-3 years			
Quickly optimize the ILS and connected databases and systems in order to resolve current limitations for support staff and frontline service providers.	2 months - 1 yr.	1-3 years			

Estimated ROI Measurements on ILS Improvements

- 1. Improved patron online experience.
 - Measure with before-and-after satisfaction surveys.
- 2. Improve patron registration process.
 - Estimated time saved for patron: Half the current time it takes to register for a card in branch.
 - Half the current time it takes to register for a card online (and then follow up in branch).
- 3. Improved staff satisfaction with ILS, resulting in increased confidence on the job.
 - Measure with before-and-after surveys.
- 4. Reduce staff time (freeing more time for staff to engage and build relationships with patrons and internal customers/each other):

	Hours/Year Saved (estimated)
Cataloging	2,300
Patron Registration (in branch)	1,559
Circulation	1,510
Patron Registration (online)	150
Serials	106
Acquisitions	53
Estimated Total	5,678

- 5. Less quantifiable measurements:
 - Use allotted custom work through SirsiDynix for more innovative and cutting edge projects (as opposed to using custom work for basic reports and maintenance issues).

Overview: Goals for ILS Improvements

Below is an overview of the general areas for improvement regarding the ILS. Full list available upon request.

- Acquisitions:
 - Simplify reports and processes to reduce number of staff work-arounds:
 - Create an invoice and popular line items by packing list; make receiving, invoicing and paying the invoice a one-step process; modify the Book X12 report to receive order confirmations, etc.
- BlueCloud Analytics:
 - Increase staff support and training.
- Cataloging:
 - Modifications to allow simplification of staff processing:
 - Prevent overlay of old call numbers, fix the |x call number glitch, batch-create new items with barcodes in sequence, enable copy-level holds in batch, import reports to ILS, more flexible reports without requesting custom work, etc.

- Circulation/Reference:
 - Modifications and reports to increase convenience for patrons and simplify staff processes:
 - Redesign web registration process, new hold prioritization process (make it fair for patrons), place holds on Beyond Books items without having to call the library or without staff using separate login, list previously accessed patron records in WorkFlows, floating collection report that automatically balances collection, etc.
- Enterprise (online catalog):
 - Modifications to improve online experience for patrons:
 - Federated search so patrons can see search results for multiple databases, more robust Advanced Search option, online patron account that also allows event listings, event registrations, etc.
- Reports
 - Create and modify custom reports quickly to meet a wide range of needs of multiple library departments.

KDL Board of Trustees Issue Analysis

Agenda Item for Consideration: Audit Services Proposals

Date of Board Meetings: March 15, 2018 (first reading); April 19, 2018 (second reading)

Timeline: Notify selected firm by April 20, 2018

Proposed Cost:

- \$29,100 for fiscal year ending December 31, 2017
- \$30,000 for fiscal year ending December 31, 2018
- \$31,100 for fiscal year ending December 31, 2019
- Total cost of three year engagement: \$90,200

Background Facts:

KDL ended the engagement with Hungerford Nichols CPAs + Advisors for financial and retirement plan audit services. As such, KDL issued a Request for Proposals (RFP) for Audit Services on February 21, 2018. The RFP requested firms bid both one and three year engagements.

Proposal Information:

Five proposals were received and are summarized in Appendix A. Due to length, the full proposal is included from the recommended firm and the other proposals are available electronically upon request.

After reviewing the proposals and speaking with references, we recommend engaging Maner Costerisan for a three year audit engagement. Of the firms responding, Maner Costerisan committed the highest total labor hours for the three year engagement while maintaining total costs that fell within the middle of the other proposals. In addition, Maner Costerisan has experience auditing a public library with one of the larger budgets in the state and comes highly recommended from that library's Finance Director.

Recommendation:

To engage Maner Costerisan for Audit Services for a three year engagement as outlined in KDL's RFP and Maner Costerisan's corresponding proposal.

Laura Powers, Director of Finance Kent District Library 814 W. River Center Dr. NE Comstock Park, MI 48321

Dear Ms. Powers:

We appreciate the opportunity to present our proposal to provide services to Kent District Library. We look forward to the opportunity of beginning our relationship with you and your Library.

The purpose of our engagement is to perform an audit on the financial statements of Kent District Library for the fiscal years ending December 31, 2017, 2018 and 2019. In accordance with generally accepted accounting principles, Government Auditing Standards and the requirements of GASB Statement 34 and the Michigan Department of Treasury's Uniform Reporting Format for Financial Statements for Counties and Local Units of Government.

This proposal will emphasize our capability to provide you with quality services and our commitment to effectively and efficiently fulfill the requirements of this engagement and your continuing accounting, and business planning needs. We believe the information contained in this proposal will demonstrate to you that Maner Costerisan is best suited to serve your needs. This proposal is a firm and irrevocable offer for ninety (90) days, focuses on considerations which are important in our relationship as your external auditor.

I, Jeffrey L. Staley, CPA, Shareholder, am authorized to make representations for Maner Costerisan. My address and phone number are Maner Costerisan, 2425 E. Grand River Ave., Ste 1, Lansing, MI 48912, (517) 323-7500. I am also authorized to bind Maner Costerisan.

We understand the importance of conducting an engagement in a manner that will cause the least disruption to your office. All of our efforts are directed toward achieving the completion of these projects with the highest degree of quality. We have included our most recent peer review report. We again received a "*pass*" report.

We are looking forward to beginning our professional relationship with Kent District Library. We hope you will agree that Maner Costerisan is the best firm to conduct your audit. Please call if you have any further questions, (517) 886-9517.

Sincerely,

Jeffrey L. Staley, CPA Principal

AUDIT METHODOLOGY

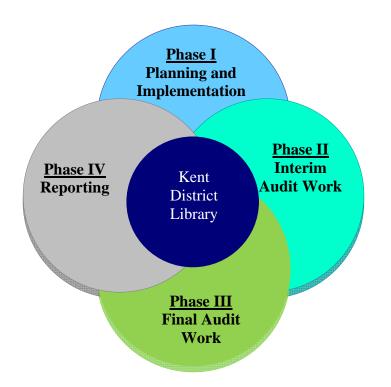

The Foundation of our Service

We pride ourselves on understanding our clients and their needs. Based on this, we will assess needs and risk and design an approach that best fits the circumstances of Kent District Library.

Standardizing for efficiency can be a profitable strategy. However, in today's competitive business world, rigid uniformity for its own sake stalls efficiency and creativity. At Maner Costerisan we have adopted a forward-thinking approach encouraging flexibility according to the needs of an organization. By no means will uniformity shadow the continuous critical thinking of our professionals. They will innovate and prepare effective and efficient approaches which are specific to Kent District Library.

Timing is everything. We schedule our work to minimize the impact on your staff while maximizing the effectiveness of our engagement team and work process. We will meet tight time schedules and deliver our reports and tax returns on a timely basis.

Audit Engagement Approach

AUDIT METHODOLOGY (Continued)

Key Components

Along with effective communication, the use of technology and creative analytical tools, we will serve your needs through the following key components of our audit process:

Planning - The amount of time and effort that goes into the planning stage of an audit has increased significantly as a result of recent professional standards. We will spend a significant amount of time in this stage of the audit developing an understanding of your organization and the environment in which it operates. This additional time in the planning process should lead to the remainder of the audit being performed in a more effective and efficient manner.

Scheduling - The staffing of your audit will be scheduled at a mutually agreed upon time that will allow us to meet the timeline you have noted in your request for proposal. We will make sure you are introduced to our staff as soon as possible. Unlike many national firms, at Maner Costerisan we strive to balance our staff development with the efficiencies gained by allowing our staff to work on an engagement for a number of years. Consequently, we believe you will see a lower level of staff turnover on your engagement when compared to the typical national or regional firm. This generally results in a more efficient audit, minimizes the risk of engagement problems and causes less frustration. In addition, our low manager-to-staff ratio allows management access to our principals and assures close supervision of your engagement team. Our principals are regularly accessible for timely services and decisions.

Fieldwork and wrap-up - We will schedule our fieldwork with you well in advance and do our best to stick to the schedule. We will utilize your staff to help create efficiencies and control the cost of your audit.

Progress meetings - At the outset of our engagement, we will schedule an interim progress meeting with the appropriate personnel from your organization. This meeting will be used to discuss open items and any challenges we may face in completing the audit. We will also schedule meetings, as needed, to review the representations we will ask management to make as well as any other communications we will be required to have with the management and those charged with the governance of Kent District Library.

Interaction with and utilization of your staff - We will interact with your staff in a professional manner, respecting their time and recognizing their responsibilities beyond helping with our audit. We anticipate using your staff to help document your systems, prepare confirmations and other correspondence, and gather source documents we may need to examine as part of our audit.

Strictly-kept deadlines - Meeting all deadlines is a top priority. Absent events beyond our control, we will meet deadlines established with you in the planning stage of our audit.

AUDIT METHODOLOGY (Continued)

Approach to Containing Costs

To be competitive in any business activity, it is imperative that an organization perform in the most efficient and effective manner. Cost containment will be accomplished through significant planning and coordination of activities to maximize the effectiveness of audit procedures. In addition, we utilize the latest in paperless audit procedures and advanced electronic audit software.

Client Service Approach

Maner Costerisan's approach to client service rests on the principle that successful professional relationships are built on close communication. Equally important is the participation of service team members who know your business. These two factors - communication and expertise - will ensure the timely delivery of efficient professional services.

Responsiveness, Accessibility, Communication

Our service-oriented approach is structured to help you achieve your goals and objectives and strengthen your management processes. As our client, you will continue to experience this philosophy through all aspects of our service.

Open, candid communications and an intimate knowledge of your concerns will enable us to offer proactive advice and counsel. We promptly address issues and report back to you, which will be critical given the timely nature of your reporting deadlines.

You will have access to each member of your service team at all times. As a result, you will benefit from shareholder-level experience and creativity at the early stages of discussing an issue when you are in a position to take advantage of the alternatives before you.

We encourage regular meetings to ensure that we contribute meaningful ideas, strategies, and plans to address your financial challenges. Such substantive and frequent contact makes it possible to define and prioritize goals, define timetables, and designate responsibility to appropriate individuals.

In addition, we provide an annual newsletter highlighting changes and offering reminders for the upcoming audit season.

AUDIT METHODOLOGY (Continued)

Looking Forward: The Management Advisory Letter

Maner Costerisan will prepare a management letter outlining any significant deficiencies noted in your system of internal controls. The report on the study and evaluation of internal control systems will identify and evaluate the significant internal accounting controls used to safeguard assets and to provide accurate and timely financial information. In addition, any significant opportunities to improve internal controls and accounting procedures, budgeting and financial projection processes, and financial reporting styles, which will increase the reliability of accounting records and financial statements, will be discussed. We consider the management letter to be an integral part of the audit process. Our policy is to discuss issues as they arise with the appropriate management personnel. We will prepare a management letter in draft form for management to ensure accuracy of the items identified. We will revise the draft management letter after appropriate discussions with management and will present this to the governing body, if requested.

Entrance, Exit, and Status Conferences

We understand the importance of communicating relevant information on a timely basis. All of our personnel are good communicators. We also understand that your staff has schedules and other matters to deal with, and that organizations must conduct business with minimum disruption. Accordingly, it is our policy to schedule meetings in advance to keep management informed of the progress being made on the audit.

By identifying and resolving audit issues on a continuing basis, we help address issues before they develop into problems or "surprises" to management and the board. Also, our deployment of Maner Costerisan's process of quality control will be accomplished without causing you surprises; our review members are involved throughout the auditing process.

Client Satisfaction

Your engagement team is committed to not only meeting your expectations but exceeding your expectations. To ensure we have achieved this goal we communicate with you throughout the year. We want to hear any issues you may have with our services and commit to satisfying your requests. Client surveys are done by our business development group on a random basis to ensure client satisfaction is measured and is at its highest level.

Our audits will be made in accordance with generally accepted auditing standards. The primary purpose of the audit is to express an opinion on the financial statements. An audit is subject to the inherent risk that misstatements, whether due to error or fraud, may not be detected. If conditions are discovered which lead to the belief that material misstatements, whether due to error or fraud, may exist, or if any other circumstances are encountered that require extended services, you will promptly be advised by the auditor.

With dates set in advance, your staff will be able to compile necessary information during times most convenient.

Note: The above schedule can be modified to meet the Kent District Library's deadlines.

Summary of the Proposer's Qualifications

Choosing the right professionals to serve you is a critical element of success. In selecting your service team, we reviewed carefully our understanding of your needs, as well as your plans, and identified the people whose credentials are ideal for you. The individuals we have selected have a demonstrated track record with governmental clients, strong technical backgrounds, and outstanding leadership and communication skills.

Client service and satisfaction are among our prime considerations. One of the most important services we provide our clients is monitoring their needs on a continual basis. This begins at the staff level and progresses all the way to the shareholder-in-charge of your account. We feel it is important that our clients have several resources to help them rather than just one. We have found this type of teamwork facilitates the identification of issues in advance and enables us to plan for them accordingly.

We currently have over 115 full time staff members including 51 full time audit staff members and 24 full time tax staff members located in our Lansing office. The professionals you will work with are indicated in the chart below. Individual bios outlining each person's unique qualifications are provided in the following pages.

All of these individuals have significant experience working with a wide range of clients in the government and school district arena and are therefore well-versed in numerous accounting and auditing issues.

In addition, upon being selected, an appropriate number of senior staff and staff would be assigned once detailed schedules of dates have been determined.

During the course of the life of the three-year contract, we will maintain continuity of staff assigned to the engagement to the extent possible.

Overview of the Firm

Maner Costerisan was founded in the early 1900s. Since that time, we have grown into the largest local accounting firm in mid-Michigan and we are recognized as a leader in conducting traditional and non-traditional services in the region. Maner Costerisan is a single office firm which maintains all of its resources under one roof. The immediate access to our experts and engagement team results in increased efficiencies and faster completion times for our engagements. In addition, our affiliation with BDO Alliance USA provides us easy access to additional professional and technical resources.

The firm consists of more than 115 individuals, including 20 shareholders (principals). Most staff join our firm immediately after college through a very selective recruitment program. Our professional staff is highly trained to provide services to educational organizations and related entities in areas of accounting, taxation, and consulting. Professional training is maintained by staff members through participation in and presentation of educational programs conducted both in-house by our firm and sponsored by national, state, and local professional societies and associations.

Our firm participates in the AICPA Peer Review Program of the National Peer Review Committee (NPRC). We have received a "pass" peer review during every review since the inception of the program, including the most recent review in June 2017. We have received approval as a registered firm under the Public Company Accounting Oversight Board (PCAOB) and are a charter member of the AICPA Government Audit Quality Center. Please refer to pages 22 and 23 for our most recent peer review letter.

We have specific governmental experience and have served as the audit firm for local governments for 30 years. The importance of the institutional knowledge we have gained over the years cannot be overemphasized. We have a long history of working with organizations like yours and believe we are the best firm to service your needs. Our clients have come to expect diversity of services and personal attention, our strength stems from a highly professional and dynamic staff.

Our clients have shown us that they want the resources of a large accounting organization, yet prefer to maintain the close, personal interaction only possible with an independent CPA firm. To expand our services, Maner Costerisan participates in BDO Alliance USA. As an Independent Member of BDO Alliance USA, Maner Costerisan has access to tools that help us better serve our clients with greater flexibility, efficiency and cost effectiveness.

Overview of the Firm (Concluded)

The BDO Alliance USA, a nationwide association of independently owned local and regional accounting, consulting and service firms with similar client service goals. Due to this alliance, we are able to offer you the proximity and personal touch you expect from your trusted business advisors combined with the broad resources of the Alliance. Members of the Alliance invest in long-term, value-driven relationships and are committed to providing the highest level of independent, personalized service in the industry. Our combination of industry experience and personal service allows us to deliver services quickly and to assist you in achieving your business goals.

Because of our participation in BDO Alliance USA, Maner Costerisan has access to, among other things, the following:

- ➤ Top specialists with experience in a wide range of industries, functional skill and technical issues.
- Greater domestic geographic coverage.
- Customized, state-of-the-art computer systems and internal training programs.
- > National tax liaison services with federal, state and local regulatory agencies.
- > The latest pronouncements and opinions of tax, accounting and regulatory bodies.

Members of BDO Alliance USA must undergo a rigorous screening process and are evaluated on professional standards - including a periodic peer review under the auspices of the American Institute of Certified Public Accountants. Maner Costerisan's participation in the Alliance is further assurance that our firm can provide the level of service and resources required to serve effectively and efficiently. We will help you develop solutions that work.

Quality Control

Quality control in a firm such as Maner Costerisan is dependent upon an organizational structure which is inherently sound and which clearly defines the responsibilities of the various levels of management.

Maner Costerisan is dedicated to excellence in our accounting and auditing practice. Our quality control procedures include the following:

- Assignment and Training of People We schedule professionals only to engagements for which they have the necessary background and training. Those without the necessary background are trained before an assignment.
- Supervision Our engagement teams are subject to a "chain of supervision" over all the work performed. All audit workpapers are reviewed by the person supervising the preparer of the workpapers. The reviewers write review comments, as appropriate, for the preparers to clear. The reviewers have to agree with the manner in which such comments are cleared.
- Engagement Manager and Partner Review Managers and shareholders assigned to engagements review the audit workpapers and reports. Specifically, the managers and engagement shareholders review all workpapers supporting our reports.
- Pre-Issuance Review All reports on audited financial statements are reviewed before issuance by an independent shareholder who, along with the engagement shareholder, has significant experience in the industry. This provides assurance that our audit reports conform to the latest developments in professional standards.
- Client Management Review Our engagement shareholder and/or manager review all draft reports with client management before finalizing the reports.

These quality control procedures have served us well on all of our engagements and we intend to use the same should we become the successful awardee.

We have assisted multiple clients in obtaining their certificate of achievement for excellence in financial reporting, as well as, assisting clients with the preparation of their comprehensive annual financial report.

Independence

Maner Costerisan is independent with regards to the Kent District Library. We meet all the independence requirements of Generally Accepted Auditing Standards and Government Auditing Standards in relation to the Kent District Library.

We affirm that we will follow the AICPA Interpretations of 501-3.

The firm will give the Library written notice of any professional relationships entered into during the period of this agreement which would impact the independence of, or relationship with, the Kent District Library.

Transition from Previous Auditors

A change in independent auditors is often a concern to management. Our team members are experienced with the transition of new school district clients and can readily resolve any problems that may occur during this change. We assure you that we will devote the highest priority to the careful and thoughtful planning required to ensure a smooth transition to Maner Costerisan with the least possible disruption to your personnel and your operations. We have successfully transitioned numerous governmental entities located in Kent County.

Additional Data

Our specialists can provide Kent District Library with services in the following areas:

- Accounting and auditing
- Tax preparation and planning
- Benchmarking
- Business advisory
- Cash flow management
- Cost allocation and budgeting
- \blacktriangleright 403(b) plan self-audits

- Financial reporting
- Fraud prevention and investigation
- > Organization and personnel planning
- Employee benefit plan audits
- Accounting and information system recommendations

Management Advisory Services

We regularly provide advisory services to our clients ranging from simple to complex management issues. Typical engagements include accounting system design and installation, cost accounting systems, business process improvement studies, internal control improvement studies, feasibility studies, budgets, organizational studies and recommendations, staffing, cost reduction programs, acquisition, and financing programs.

Accounting & Outsourced Solutions

Specialized staff in the Accounting & Outsourced Solutions department prepares monthly financial statements and various required governmental reports for organizations not large enough to staff an internal accounting department. The specially trained staff can complete forms such as a computerized general ledger, financial statements, employee earnings records, payroll tax reports, bank reconciliations and other services.

Additional Data (Concluded)

Employee Benefits Expertise

Maner Costerisan performs a wide variety of professional services for our employee benefit clients. The firm services approximately seventy pension and health and welfare employee benefit plans annually. These plans encompass multiple employers, as well as multi-employer collectively bargained plans. Our services are performed in an effective and efficient manner in accordance with professional standards and ERISA requirements. We have established an Employee Benefits Division and are a registered member of the AICPA Employee Benefit Plan Audit Quality Center. The firm also prepares approximately 200 Form 5500's for submission to the Department of Labor annually.

Business Solutions and Technology Consulting

Providing you the technology and expertise to gain better insight into your organization, our technology professionals are skilled at getting to the heart of your problem or issue and delivering a solution using their trend-setting approach. We are a Microsoft Certified Gold Partner and Sage Intacct Partner with individuals on staff who have obtained various technical credentials including a Microsoft A+ certified technician. Our expertise in both technology and basic business functions combine to make a powerful team, specializing in providing professional IT services and resources with leading-edge technology innovation with highly skilled resources to deliver reliable, secure and adaptive IT solutions that meet and exceed your needs and management requirements. Report on the Firm's System of Quality Control

July 27, 2017

To the Partners of Maner Costerisan PC and the National Peer Review Committee

We have reviewed the system of quality control for the accounting and auditing practice of Maner Costerisan PC (the firm) in effect for the year ended March 31, 2017. Our peer review was conducted in accordance with the Standards for Performing and Reporting on Peer Reviews established by the Peer Review Board of the American Institute of Certified Public Accountants (Standards).

A summary of the nature, objectives, scope, limitations of, and the procedures performed in a System Review as described in the Standards may be found at <u>www.aicpa.org/prsummary</u>. The summary also includes an explanation of how engagements identified as not performed or reported in conformity with applicable professional standards, if any, are evaluated by a peer reviewer to determine a peer review rating.

Firm's Responsibility

The firm is responsible for designing a system of quality control and complying with it to provide the firm with reasonable assurance of performing and reporting in conformity with applicable professional standards in all material respects. The firm is also responsible for evaluating actions to promptly remediate engagements deemed as not performed or reported in conformity with professional standards, when appropriate, and for remediating weaknesses in its system of quality control, if any.

Peer Reviewer's Responsibility

Our responsibility is to express an opinion on the design of the system of quality control and the firm's compliance therewith based on our review.

Required Selections and Considerations

Engagements selected for review included engagements performed under Government Auditing Standards, including compliance audits under the Single Audit Act; audits of employee benefit plans, and audits of carrying broker-dealers.

As a part of our peer review, we considered reviews by regulatory entities as communicated by the firm, if applicable, in determining the nature and extent of our procedures.

KDL Board of Trustees Issue Analysis

Agenda Item for Consideration: Making available the 2017 Approved IT Capital Expenses in 2018

Date of Board Meetings: March 15, 2018 (first reading); April 19, 2018 (second reading)

Timeline: During 2018.

Budget Line Items: Request for a Budget Amendment to have access to the unused amount of the 2017 Approved IT Expenses (~\$500,000)

Background Facts:

In 2017, the Board approved the KDL Operating Budget which consisted of the following:

•	Capital – Technology	\$875,000
٠	Non-Capital Technology	\$192,000
٠	Other Technology Expense like ILS, Maintenance & Support, etc.	<u>\$1,583,560</u>
•	Total Technology (All Technology Expenses)	\$2,650,560

At the end of 2017, ~\$500,000 of approved Capital Technology budgeted expenditures was not spent and was rolled into the KDL Fund Balance as Excess Revenue above Expenditures, with the intention the following breakdown was still going to be spent in 2018.

- \$145,000 For more Server Computing Resources
- \$35,000 For more Storage Resources
- \$250,000 For Microsoft True-Up including Office 365 Migration & SharePoint Upgrade
- \$75,000 Security Cameras

The above items were not completed in 2017 because many of them became intertwined with the Microsoft True-Up process. For instance, if Microsoft determined we were out of compliance, then it was possible we would need a large dollar amount to rectify this issue. Fortunately, KDL was in compliance. Also, we didn't want to buy more storage or server resources if Microsoft was going to recommend we move to the Office 365 Cloud, which is exactly what transpired.

Before jumping into that solution, we did our due diligence and examined other options. Upon completion of the analysis of alternatives, our staff agreed that not only Microsoft Office 365 won out, but also the new SharePoint solution was selected. We then proceeded to have discussions with

multiple Microsoft Partners through the RFP process to determine whom we felt would work best with us. It was decided that we would "Phase" our migration to the cloud by first focusing on our Email Exchange Server and moving that to Office 365 first. This brings us to now being ready to begin the Microsoft Office 365 migration.

The purchase & installation of the cameras at the Service / Meeting Center became delayed as we evaluated the potential of the Bibliotheca 24 Hour Library which came with its own cameras. Had we proceeded with the 24 Hour Library, we would not need as many cameras. (With the recent security concerns that have surfaced at Plainfield, we are going to be getting quotes for more cameras beyond just the Service / Meeting Center. This will most likely cost more than we deposited into the Fund Balance on the camera line item alone.)

Also recently, the Spectre & Meltdown vulnerability became evident. With Leadership and Board discussions previously we are in the final stages of identifying, selecting, and testing solutions that will aide in the future deployment of "mass" patches like what is required for remediation of this recent vulnerability.

We would like the Board's approval to use \$475,000 from the Fund Balance on:

- Capital Technology items as previously approved for 2017
- Expansion of the Security Camera project
- Solution to the Spectre and Meltdown vulnerability

The dollars may move between the four categories mentioned earlier (Server Computing Resources, Storage Resources, Microsoft True-Up, and Security Cameras). We believe we can save some costs in the Microsoft Upgrade and other infrastructure area by moving to the Cloud. These savings would be re-allocated to help offset the additional costs anticipated for the expansion of the Security Cameras project to ensure our staff and patrons are coming to a secure and monitored location and the costs to address the Spectre and Meltdown vulnerability.

Note: At a future time in 2018, we will be coming to the Board with an additional Fund Balance request to handle the eRate RFP Projects with bid periods currently coming to a close. Our former CFO recommended to exclude these projects from the original 2018 Operating Budget with the intention to request funds from the Fund Balance as necessary.

Recommendation:

Approve the use of \$475,000 from the Fund Balance for the completion of Capital Technology projects in 2018.

80	The ONLY thing I like about this library is that it's in my hometown. I typically just use it to return books/DVDs etc. that I've gone out of my town to one of the more suitable family friendly & quiet libraries. I usually go to the Sand Lake Library with my kids. It's perfect for having a separate kids space, a lot of room, dedicated Adult space, as well as a huge collection of resources, imaginative play things for the little ones and separate meeting rooms for story time/etc.	1/17/2018 1:10 PM

80	It is way too small. I don not feel comfortable bringing my kids here (I have twin 5 year olds), because the kids space is so close to the "Adult" space that I fear if they are too noisy or are having too much fun then they will be a distraction to the adults. I also cannot plan to have play dates with other mom's at this library because if you get more than 2 families in the children's area it feels crowded and overwhelming.	1/17/2018 1:10 PM

4	Bigger with more quiet areas	2/14/2018 6:15 AM
5	The layout is really good, I would just make it bigger	2/13/2018 7:36 AM
6	Separate out kids area more and have play space that is more "child-proof" for the littlest ones. Right now I have to constantly redirect my almost 2 year old as the kid space is bordered by shelf with movies and she wants to take them off shelf. Would be better bordered by shelves or racks or board books and not too many on lowest shelves so they can pull no more than a few off at a time and look at them without risk of wrecking them.	2/12/2018 8:56 AM
7	Create a space where we could sit quietly in a foyer and drink coffee.	2/12/2018 8:37 AM
8	bigger space, more computers, lots of parking	2/11/2018 7:20 PM
9	Have a spot to check out books with a library card I can get without a driver's license.	2/10/2018 5:05 PM
10	An updated look and more space.	2/10/2018 2:21 PM
11	A bigger section of adult fiction	2/8/2018 9:52 PM
12	not sure	2/7/2018 5:30 PM
13	Larger	2/7/2018 5:16 PM
14	A bit bigger with more rooms	2/7/2018 3:55 PM
15	Separating kids and teen from adults and those that want quiet for studing	2/7/2018 2:12 PM
16	More space for greater inventory and meeting rooms	2/6/2018 8:42 PM
17	More plsyroom	2/6/2018 7:20 AM
18	Nothing.	2/5/2018 7:32 PM
19	More seating	2/5/2018 6:58 PM
20	Nicer finishes. Better use of space. More curb appeal	2/5/2018 10:31 AM
21	A separate space for the teens and their computer use.	2/5/2018 9:48 AM
22	More room	2/3/2018 11:58 PM
23	to have little personal work stations	2/3/2018 7:47 PM
24	Build a bigger library	2/3/2018 1:01 PM
25	I would make a separate room for the teens	2/2/2018 5:37 PM
26	Big sign out front to make it easier to find	2/2/2018 5:10 PM
27	At least one private room.	2/2/2018 2:48 PM
28	- quieter - seems more like an indoor playground than a library	2/1/2018 5:04 PM
29	- add a recommendation wall - add more space	2/1/2018 5:02 PM
30	more comfy areas that are not always occupied by people who come every single day	2/1/2018 4:59 PM
31	add a room for programs	2/1/2018 4:55 PM

20	Nathing	0/4/0040 5:45 414
32	Nothing	2/1/2018 5:15 AM
33	Bigger selection, more seating	2/1/2018 4:10 AM
34	Much more needed space and more adult books	1/31/2018 7:51 PM
35	Bigger	1/31/2018 4:11 PM
36	Make it bigger. It needs to remain in town	1/31/2018 11:58 AM
37	Larger, with more areas for teen programs and other programs & projects for all ages.	1/30/2018 6:34 PM
38	More comfortable lounge areas.	1/30/2018 1:44 PM

45	bigger, have more books available	1/29/2018 10:08 AM
46	Make it bigger and more accessible	1/28/2018 10:22 PM
17	Larger kids section.	1/28/2018 4:56 PM
48	Bigger	1/28/2018 4:12 PM
19	The size	1/28/2018 8:41 AM
50	Make it bigger	1/28/2018 7:44 AM
51	Make it bigger.	1/27/2018 10:02 AM
52	Fine the way it is	1/26/2018 8:43 PM
53	Enlarge the whole library; increase collection; increase hours	1/26/2018 5:33 PM
54	Bigger	1/26/2018 10:31 AM
55	Bigger section for elementary school aged books	1/26/2018 10:13 AM
56	A quiet area that is separate from where people are talking.	1/26/2018 8:26 AM
57	More space	1/26/2018 7:25 AM
58	More of a collection for books on CD	1/26/2018 7:08 AM
59	Just bigger More space Add a coffee shop. That would be amazing!	1/25/2018 10:18 PM
60	Bigger with more area available for quiet reading, quiet working together, comfortable areas to lose yourself in a book, more materials. (Note: love the Grant Area District Library work areas).	1/25/2018 9:53 PM
61	Larger building, more books, and a newer, more modern atmosphere that would bring in more people	1/25/2018 9:49 PM
62	Move public computers in more more secure and remote space	1/25/2018 6:23 PM

64	more space for teens	1/25/2018 3:31 PM
35	Less young teens camped out there. So maybe there own room?	1/25/2018 3:30 PM
66	More parking	1/25/2018 1:29 PM
67	More space for more inventory and events	1/25/2018 12:37 PM
68	Large room for all children events.	1/25/2018 11:50 AM
69	Larger rooms, more quiet space and more easier parking	1/25/2018 11:30 AM
70	A better Kid area. A reading fort or something of that nature to read in.	1/25/2018 10:38 AM

71	Nothing	1/24/2018 3:30 PM
72	Nothing.	1/24/2018 3:26 PM
73	It does not just need more room, a library should have an atmosphere that is conducive to reading and study. I appreciate library's like Grant and Cedar Springs that are places of beauty with inviting spaces that call you to stay awhile.	1/19/2018 2:53 PM
74	more open	1/18/2018 4:11 PM
75	n/a	1/18/2018 3:46 PM
76	More light, comfortable seating, interactive children's area, space for Tweens/Teens, workspace.	1/18/2018 10:29 AM
77	more space!!!	1/17/2018 1:10 PM
78	More space! Specifically, designated areas for little ones and adults to both enjoy their library experience. This library has many good resources but it is very hard to maneuver because of the cramped space. Also, there is no extra room for story time or meetings so if you just want to come in to check something out while the library is trying to conduct a story time or a learning activity you just end up feeling in the way and like your presence is an interruption.	1/17/2018 1:10 PM
79	more computers	1/16/2018 7:57 PM
80	n/a	1/16/2018 6:46 PM

82	More kids space	1/16/2018 5:32 PM
83	n/a	1/16/2018 3:22 PM
84	more seating for adults by kids area	1/16/2018 2:59 PM
85	Nothing - it is set up very nice	1/15/2018 11:16 AM
86	separate video game playing loud kids to a separate area so they enjoy themselves and we do to - win/win	1/13/2018 12:10 PM
87	more books	1/13/2018 12:07 PM
88	To make more room and have more book selections	1/12/2018 1:20 PM
89	More or separate space for children's programs and play area. It often feels like we are right on top of people who are there for a more quiet experience.	1/11/2018 3:57 PM
90	Nothing strikes me, but larger designated areas (computers, quiet reading space, kids play area) could help individuals find their own space.	1/11/2018 6:39 AM
91	Bigger space	1/10/2018 7:41 PM
92	Clear out space. Less is more!	1/9/2018 10:35 PM
93	having a bigger space for computers	1/9/2018 6:37 PM

103	None	1/8/2018 9:03 PM
104	Bigger space for kids, more separation from teens	1/8/2018 2:32 PM
105	Teens having a bit more d supervision	1/8/2018 12:55 PM

106	Larger	1/8/2018 12:15 PM
107	I have no ideas but i love this library	1/8/2018 11:58 AM
108	Brighter spaces to read	1/8/2018 11:32 AM
109	Have a separate area for teens and the little kids	1/8/2018 11:30 AM
110	A larger space. I think they have done a fantastic job with the space we have but it would be great if it were larger.	1/8/2018 11:26 AM
111	More space.	1/8/2018 10:43 AM
112	Maybe have a separate "teen" space and also enforce volume control. Have designated adult computers.	1/8/2018 10:39 AM
113	Wider space between shelves and a seperate area for teens	1/8/2018 10:26 AM
114	More of a selection of books would be nice	1/8/2018 10:23 AM

8	To be a hub of learning, reading, technology, and viewing materials where community residents can gather in quiet, comfortable working areas	1/25/2018 9:53 PM
59	A role of unity. It should be a place where people of all ages and interests gather for materials, events, etc. It presently has a stagnant feel without much activity and that tends to repel people rather than invite them in. I believe a thriving library will sustain a thriving community	1/25/2018 9:49 PM
0	Important	1/25/2018 8:59 PM
1	Provide education	1/25/2018 6:23 PM
2	I think the library has a huge role because after school kids relax, study, hang out, it's really just a really fun place to be	1/25/2018 3:34 PM

8	A place of learning information and teaching children to have fun and enjoy books	1/25/2018 11:30 AM

69	Helping kids and families to read. Joining in or hosting community programs that bring the family to the library. Exciting programs to get families out and away from their electronics.	1/25/2018 10:38 AM
70	1st in class	1/24/2018 3:30 PM
71	Very important. It's a main hangout place, and a place to study/read/do online studies.	1/24/2018 3:26 PM
72	In addition to my comments above, the library is a tremendous resource for our community. Internet access allows many to search for and apply for jobs, complete school projects, and have access to the world. The library does so much good for our community. When the library gets better, our community gets better.	1/19/2018 2:53 PM

75	educate and engage. The library should be the hub of the towna fun safe place to gather with friends and learn.	1/18/2018 10:29 AM
76	The Library is so very important for a community to build the love of not only books but for learning in general. Children and adults alike need a functional library in their town to continue to grow emotionally, physiologically, educationally, and in general learning how to be self-starters when it comes to getting out into the community and applying what they've learned from a great book. Without a proper library in the community there is no space for moms & dad's to connect with other parents outside of the school or church. Libraries are a safe place for people from all different back grounds and beliefs to come together and learn and interact, but also the library is a safe haven; a place to unwind and unplug. Our community needs a new library space, one that functions for all ages and is inviting to those just outside of our small community. I would love to not have to drive 20 minutes out of my way to go to another library just because my local library makes me feel like I can't settle in because it is too small for many people to enjoy it all at once.	1/17/2018 1:10 PM
