

Windows Computer

Getting Started with OverDrive on a Windows computer

In your web browser

1. Open your library's digital collection on your computer at kdl.overdrive.com.
2. Borrow a title (you'll need to sign into your library to complete this step).
3. After you borrow a title, you can:
 - Click **Read now with Kindle** to complete checkout on Amazon's website and send a book to your Kindle device or Kindle reading app.
 - Click **Read now** in browser to open and read OverDrive Read ebooks right in your web browser.
 - Click **Listen now** in browser to open and play OverDrive Listen audiobooks right in your web browser.
 - Download EPUB or PDF ebooks to your computer (first, you'll need to install and authorize Adobe Digital Editions), then transfer them to a compatible ereader.
 - Download MP3 audiobooks to your computer (first, you'll need to install OverDrive for Windows), then transfer them to a compatible MP3 player.
 - Close the pop-up window to keep browsing and borrowing.
 - To see your borrowed titles, tap books icon at any time to go to your Loans page.

In the OverDrive for Windows app

With OverDrive for Windows (desktop), you can download and listen to audiobooks on your computer, transfer them to MP3 players (including iPods), and burn them to CDs.

Note: If you're using Windows 10, you can also install our new Libby app. If you're on Windows 8 or newer, you can install OverDrive for Windows 8/10.

1. Go to app.overdrive.com.
2. Click **Download for Windows Desktop**.
3. Run or Open the MSI file to start the setup wizard.
4. When the setup wizard opens, follow the prompts to install OverDrive for Windows (desktop).
