

VOCABULARY

is the knowledge of and memory for word meanings.

Mission:
READ!

Letter Hop

Materials Needed: Foam or paper shapes, marker, dice

Directions: Cut shapes or use paper you have on hand to make shapes. Label each shape with a letter or letter blend (dr, sh, spl, tr)

How to Play:

Make a path or circle with the shapes. Have the child roll the dice and jump to the letter. When they get to the letter, say a word that starts with the letter. Play until you get to the end of the path.

Challenge: Name a word for every letter you hop on. Name a word within a specific category (place, food, animal). Use letter blends instead of letters to focus on different sounds with words.
