

Krause Memorial Library
**Growing with you
 and with our community**

Why now?

Since the last library expansion in 1989 (33 years ago):

- Population of the service area has doubled
- Number of visitors to the library has doubled

Expansion will provide:

- **More than twice the existing library footprint**
- **New main entrance** and welcome lobby
- **New children’s room** with doubled space and literacy-based activities
- **Six new study rooms** of various sizes
- **Large “quiet room”** for reading and studying
- **Improved accessibility for all** with wider aisles, closer parking, barrier-free restrooms and more seating

Krause Memorial Library is the hub of the community, providing information, ideas and excitement!
