

KDL Teen Photo Challenge

Grab your smartphones and cameras, and get ready! Compose your best snapshots of subjects that fall into three categories:

Exploration of Texture: Textures are details that visually describe how something physically feels.

Household Objects: What do you have around your house? A toaster? An end table? A faucet? Make one of the items in your house the focus of your photo!

Beautiful Decay: Can you find the beauty in something dying and decomposing? Or an item breaking down? It might be a dried-out flower, a broken-down barn or even some roadkill near your house. Use your photo skills to celebrate this part of the circle of life.

Enter for a chance to win a Meijer gift card. You may enter any or all categories.
