KDL's School Partnership Menu

Hey Teachers!

Looking for ways to partner with KDL? Check out this menu of opportunities for your classroom or school – many can even be part of a library field trip. KDL librarians can also visit your staff meeting or in-service to share all the great resources, programs and reading and writing challenges we offer. Let us connect you with your local KDL branch!

For more information on all KDL has to offer local educators and to connect to a KDL librarian, visit kdl.org/teaching.
