4. FINANCE REPORTS – November 2025*

DRAFT

Acting Director of Finance Lindsay provided a brief overview of the year-to-date financials:

- **Cash and Investments:** At the end of November, the organization's cash and investment position stood at just over \$17 million, compared to \$13.8 million the previous year. This year-over-year increase is attributed to the timing of payroll and check runs, as well as overall positive budget-to-actual performance.
- **Revenues:** Revenues to date total \$31.6 million, representing 101% of the amended budget. This positive variance is primarily due to an additional large contribution from the estate supporting Kentwood, received after the budget amendment, and unexpected Erate reimbursements collected before fiscal year-end.
- **Expenditures:** Expenditures to date amount to \$25.3 million, or 81% of the amended budget. December will include three full payrolls and a partial fourth payroll for wages earned in November and December, paid or accrued as of December 31, which will consume much of the remaining budget. Budgeted digital and physical collection purchases will be fully expended before year-end, and the staff's laptop refresh is underway with all equipment onsite. IT is preparing the machines for deployment, and related capital outlay expenses will also hit the December financials, utilizing most of that budget area. After reviewing the remaining budget, management does not anticipate the need for another budget amendment at the December Board meeting. Accruals for goods and services received before year-end but billed afterward will occur in January and February, impacting final budget-to-actual results. It is expected that the fund balance added for 2025 will exceed the amount shown in the amended budget, reflecting the organization's conservative budgeting approach to avoid unexpected negative outcomes.
- **Disbursements Over \$50,000 in October:**
 - Consociate – \$147,179.25 (net of a stop-loss reimbursement of \$142,336.85) for employee health benefits
 - Ingram – \$142,221.39 for collection materials
 - IP Consulting – \$52,786.96 for monthly Colocation services

Additionally, renewal pricing for non-employee benefit-related insurance for 2026 came in approximately \$10,000 lower than 2025 premiums. The partnership with Gibson has saved the organization over \$50,000 in the past two years while increasing coverage in areas of exposure.

Motion: Erlewein moved to receive and file the November 2025 finance reports as presented.

Support: Supported by Tazelaar.

RESULT: Motion carried.

5. DIRECTOR'S REPORT – November 2025

Executive Director Werner highlighted the following items:

Library

From the Desk of Lance Werner, Executive Director

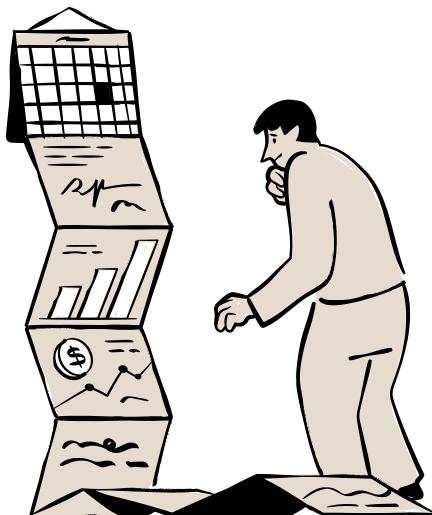

It's been a refreshing month since my last report. I enjoyed some much-needed time off with friends and family, which I truly appreciated. I was able to make progress on a few key initiatives.

I started working on the local ordinance project I'm leading for the Michigan Right to Read group in partnership with Penguin Random House. It's an ambitious effort, and I'm excited to be part of it. I also connected with OverDrive and Steve Potash to discuss a new pilot project and opportunities for collaboration in the coming year. I'm optimistic that we can find a way to make eBook pricing fairer for libraries without resorting to litigation or legislative fixes. Heavy-handed legal actions often backfire, and I believe these times call for unity rather than division.

On a somber note, I learned that Randy Riley, Michigan State Librarian, passed away suddenly over the weekend. He will be deeply missed. His passing is a reminder that libraries, publishers, vendors, and readers are stronger together than apart.

We also completed a walkthrough of the Walker Branch construction site, and the progress is impressive. Once finished, it will be an incredible resource for Walker residents and the entire KDL system.

Lastly, ice fishing season has arrived, and I'm looking forward to getting out on the ice soon.

ALPINE, WALKER, + TYRONE BRANCHES

In the Walker, Alpine and Tyrone Township branches, the regional team focused on recognizing and celebrating milestones, achievements, and accomplishments together as the overarching goal for 2025. 2025 was a big year, with much to celebrate. The Walker Branch moved to a temporary location, and huge progress was made on construction of the new Walker Library. The Alpine branch became busier as some patrons found themselves closer to the Alpine location than the Walker Temporary Location in Standale. Staff saw new names on the hold shelves and new faces in programs. Tyrone rolled out a new gaming lab, which quickly became a favorite for the busy afterschool teen crowd, and the eSports Branch Champion, Erica Huyser, worked with a group of talented staff across KDL to help define and shape the way these resources will be used going forward.

With much to celebrate over the year, the team included opportunities for celebration in huddles, meetings, daily activities, and branch communications. Regional Manager Joyanne Huston-Swanson led a cheer squad with members from each branch. The group provided seasonal treats and created fun staff appreciation messages throughout the year that encouraged and celebrated colleagues. Regional Manager Liz Knapp incorporated celebrations into her weekly updates email, including birthdays, anniversaries, what went well the past week, and pictures highlighting programs, displays, and other accomplishments.

Quarterly Branch meetings in 2025 began with celebrations of what went well the past quarter, and gratitude shared about other team members over shared food. In November, the team continued the theme in the region in-service. The in-service wrapped in celebration of the year with the chance to play with puppies and a kitten from the humane society.

Regional Managers Liz and Joyanne plan to continue being intentional about including opportunities for celebration and gratitude as the region moves into 2026 and shifts the focus to the next yearly goal: being intentional about including opportunities for ideas, thoughts and feedback.

CALEDONIA + CASCADE BRANCHES

In Caledonia and Cascade, 2025 was a year of learning. Internally, staff focused on using feedback to cultivate ways to improve internal communication and processes. This included testing the frequency of Task Team meetings (specialized internal workgroups), encouraging staff to get involved with PMO Projects/Think Tank, and intentionally involving staff in major renovation decisions. Externally, the region leaned into the reading initiatives and enhanced branch experiences to meet community needs.

As Caledonia and Cascade head into 2026, feedback remains a guiding focus as we work to honor the diversity of perspectives, interests, and passions across the region. Key priorities for 2026 include strengthening internal safety plans, expanding training support, and reviewing task responsibilities within each task team. The region will also continue building on the success of progress tracking related to reading initiatives. With the addition of a new RM2, the CALCAS region is adjusting schedules to better support current team needs, including increased off-desk time for projects and training.

COMSTOCK PARK + PLAINFIELD BRANCHES

In 2025, both Comstock Park and Plainfield staff had the goal to seize opportunities to learn and grow. Each of the ten branch librarians and the RMII identified a particular area of expertise to share with the entire region. The librarians chose how and when to share, and each librarian had the chance to sharpen presentation skills. The entire staff learned about:

- Adult Reader's Advisory
- KDL Lab
- KDL Programming
- Mythology
- Youth Reader's Advisory
- KDL Language Resources
- Movies Materials Advisory
- Ancestry tools and making family trees
- eSports
- KDL balancing procedures
- Booklists

The team's year to learn and grow culminated in a "COMFIELD Conference" for the in-service at which staff learned from each other and got to know the Service Center location better.

In setting 2026's goals, the team is excited to continue to learn from each other, take team members further, and continue to share information.

Featured Department: Patron Services

When you dial KDL's phone number, the Patron Services Department is there to support. In 2025, the team answered 87,944 phone calls and 25,067 emails, working to ensure every patron finds the help they need. The work includes difficult calls and challenging situations that require patience and skill, but it also includes moments of genuine joy. "Every time I call you, you give me the right answers and make my life better," one patron said. Another shared, "I love my KDL library, and I love when I call I can talk to the most helpful people. My bank could learn a thing or two."

The year brought significant operational changes. In April, the team transitioned to new call center software (Five9 and Microsoft Teams), maintaining high-quality service through teamwork, knowledge sharing, and a critical IT partnership with Dhanya Ravi. The department also moved the Talking Book and Braille Center (TBBC) work to a new Integrated Library System, requiring extensive training and adaptation. Despite these challenges, service for TBBC patrons remained consistent throughout the transition. In recognition of the department's work with TBBC, Kent District Library received the National Library Service's Library of the Year Award, led by Accessibility and Inclusion Specialist Shelley Roossien.

Behind the phone lines, the department manages labor-intensive processes. Patron Services Librarians processed 1,162 Book Club in a Bag kits, reviewing each returning kit and carefully preparing it for the next group. They streamlined these workflows through LibCal improvements led by Joel Kibbe. The team also simplified notary appointment scheduling in partnership with the administrative team. To help with organizational awareness, the team delivered in-service presentations to branch colleagues. The Patron Services Department also launched welcome packets for new TBBC patrons. The department was nominated for a KDL Core Value Award, with a branch colleague noting they "always know how to steer us in the right direction." The department's continued partnership with Unique Library Services provided call and chat coverage beyond normal service hours.

Whether helping a patron locate vital resources during a difficult time or simply offering a friendly voice on a stressful day, each call and email builds a sense of safety and belonging. This work never slows down, but in every interaction, the Patron Services Department reinforces the library as a trusted resource at the heart for the community.

People Counter Pilot

● **Project Lead:** Scott Ninemeier
Status: On Track - NEW

Approval Date: 12.10.2025
Due Date: 08.07.2026

The current visitor counting process for branches is manual and prone to error, requiring staff to record daily totals, submit a form, and forward the results to Data Coordinator, Sheri Glon. This workflow often results in missed or inconsistent entries and requires follow-up to ensure accuracy and completeness. Additionally, the lack of reliable hourly visitor data limits insight into how spaces are used, as circulation statistics do not reflect visits where materials are not checked out. As a result, management lacks timely, detailed information needed to make informed staffing decisions based on actual visitor trends.

This pilot project aims to implement a cloud-based people counting system from SenSource that automates data collection and reporting while eliminating manual steps. The Cascade Township and East Grand Rapids branches will pilot the system and the project team will provide recommendations on whether the technology should be expanded to every branch.

Community Partnerships Evaluation

● **Project Lead:** Craig Buno
Status: On Track

Approval Date: 12.04.2024
Due Date: 01.31.2026

In December, the project team put the finishing touches on the Community Partnership Evaluation strategic initiative. This included updating the Community Engagement department's intranet page to ensure all the related processes and documents around partnerships were linked. Administrative Assistant - PMO, Kelsey Little, was instrumental in creating a dedicated Partnership subpage within the Community Engagement department, and the *Community Needs Assessment* data and *My Community Maps* will be centrally located within the Programming Department for staff to find and use.

Community Partnership Evaluation Update Continued Below

The project team ended the month by reviewing the final Communication Bulletin for this initiative, sharing with staff when the My Community Maps are updated annually, identifying top My Community Partners, and sharing the updates made to the Community Engagement department's intranet page. In preparation for the closeout, the team reviewed the timeline for future map creation and explored Salesforce data flows tied to the Partnership Meeting Form. A rollout survey is planned for mid-January, with the project closeout scheduled for January 30.

Cross Promotion

Project Lead: Lulu Brown

Status: On Track

Approval Date: 09.24.2025

Due Date: 04.22.2026

During December, the Cross Promotion project team continued progress within Phase Two (Design & Development), with a strong focus on collaboration, refinement and alignment across the organization. Building on the research and planning completed in Phase One, the team has been actively evaluating staff input and translating early feedback into clearer design considerations.

Throughout the month, the team engaged with frontline staff, department leads, and cross-functional partners to better understand day-to-day workflows, communication needs, and opportunities for consistency across locations. This feedback has been instrumental in validating assumptions, identifying practical constraints, and shaping solutions that are realistic, scalable, and supportive of library operations.

Define Core Programs

-  **Project Lead:** Hennie Vaandrager
Status: On Track

Approval Date: 07.23.2025
Due Date: 03.11.2026

The project team is hard at work developing system-wide training on the newly established Core Programming guidelines and thresholds. Hennie Vaandrager, Manager of Outreach and Programming, has met with the leaders of Let it Snow, Teen Photo Contest, and Write Michigan to discuss in-depth assessments of these large initiatives. One of the outcomes of this project is that every large KDL initiative will be scheduled for assessment every four years. This is a much-needed process that will force honest assessment of ongoing staff-intensive initiatives and take a critical look at the available statistics, budget implications, and staff / patron feedback. Sunsetting older initiatives allows space for new ideas and innovation.

Expand Esports

-  **Project Lead:** Kurt Stevens
Status: Complete

Approval Date: 01.08.2025
Due Date: 12.31.2025

On December 11, project leader Kurt Stevens, Director of IT, met with the PMO to formally close out this initiative. Feedback from the rollout survey informed a Communication Bulletin to be released with the project closeout announcement in January, outlining newly centralized esports procedures now available in Info Hub. Each of KDL's branches with gaming labs will also designate an esports "champion" to support lab successes, share knowledge, maintain standards, and help guide partnerships and future direction. Rollout survey feedback indicates that esports labs have attracted new library users, particularly teens and young adults, and that enthusiasm for the labs remains high across all participating branches. While this particular project formally launched in 2025, esports initiatives have been a part of the PMO and KDL's strategic plan since November 2023, and sincere thanks are extended to both Kurt Stevens for leading the many phases of this initiative, as well as the many staff members who contributed across multiple teams over the past two years.

Intranet Revamp

-  **Project Lead:** Jaci Cooper
Status: 1 Extension - At Risk

Approval Date: 09.04.2024
Due Date: 03.01.2026 - Extended

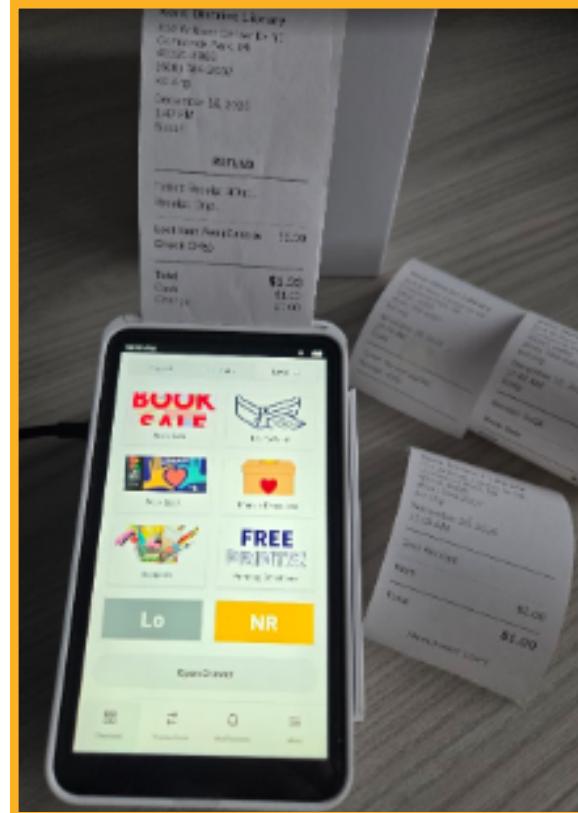

PMO Admin Assistant Kelsey Little has been working with Community Engagement and Programming departments to standardize the appearance and functionality of their SharePoint sites, improve navigation, and archive outdated files. Recent intranet revamp meetings have also focused on broader SharePoint active directory cleanup efforts, including the deletion of unused sites and outdated email addresses, the adoption of consistent naming conventions for sites and email addresses, and restructuring department and branch pages to ensure clearer ownership, improved accessibility, and more intuitive organization. Additional improvements underway include an update to the "Who Do I Contact For" resource, refining site branding for accessibility, and preparing departmental site updates such as Community Engagement, Programming, and the upcoming MarCom site review. Email standardization changes will begin rolling out after the new year.

Point of Sale Refresh

Project Lead: Emily Whalen
Status: On Track

Approval Date: 10.22.2025
Due Date: 06.10.2026

The project team met in person on December 16 for sandbox testing. Each group successfully created a bill in WorkFlows, issued a partial payment through the online payment portal, processed a partial payment via Square, and issued a refund via Square. Refunds continue to be the most significant challenge for both staff and patrons. After reviewing several options, the team determined the most efficient approach is for frontline staff to submit an online refund request to the Finance department and update the patron record in WorkFlows. This procedure does not need to wait for the broader training and communications rollout; the team will finalize the process and coordinate with Trish Reid, Training Manager. Introducing a simpler refund process now is expected to support staff buy-in ahead of Square deployment to branches. The team is also reviewing procedures impacted by the new point-of-sale system. Preliminary updates are due January 16 in order to prepare for pilot implementations at the Ada, Nelson Township and Wyoming branches.

The team met in December to test a variety of payment scenarios with the new Square payment kits

Tech Tutoring Revamp

Project Lead: Morgan Hanks
Status: On Track

Approval Date: 03.26.2025
Due Date: 04.01.2026

Many branches are already using the Tech Help appointment service and providing feedback as it rolls out region by region. All regions are expected to be live by the end of January, which will allow for the project team to gather more meaningful data and usage patterns. This information will support decisions around potential adjustments or targeted marketing efforts. The project team is excited for all branches to be using Bookings to schedule Tech Help appointments, which will streamline both staff workflows and the patron experience. In addition, a dedicated webpage is in development to support referrals, clearly outline what services are available on a walk-in basis, and identify which services require an appointment when a request is out of scope.

Teen Graphic Novel Contest

 **Project Lead:** Madelyn Besaw
Status: Complete

Approval Date: 07.17.2024
Due Date: 12.19.2025 - Extended

The Teen Graphic Novel Contest was formally closed out on December 19, when the project team met to celebrate the many successes of the initiative and reflect on lessons learned to improve upon next year. Team members also reviewed rollout survey feedback, which was overwhelmingly positive and highlighted the strong impact of not only the contest and award ceremony, but programming and promotion during Summer Wonder. Several opportunities for refinement were identified, including adjustments to the judging rubric to better align with Submittable's rating scale and updates to content guidelines to clarify expectations around censorship, creative expression, and alignment with KDL's broader materials selection policy. The team also identified opportunities to strengthen outreach by developing a school-focused marketing kit for early May and refining promotional efforts for the Award Ceremony to emphasize the author panel and judges. With the project now transitioning to the Teen Programming Workgroup, the foundation is set for continued growth and improvement in the coming year. The PMO would like to extend congratulations and gratitude to Madelyn Besaw for leading this initiative, along with her team: Bethany Metivier, Brooke Koster, Clare O'Tsuji, Josh Mosey, Katie Blakeslee, Keeva Filipek and Randy Goble.

Website & Discovery Layer AI Enhancements

 **Project Lead:** Remington Steed
Status: On Track

Approval Date: 05.21.2025
Due Date: 03.25.2026

The project team tested the BiblioCommons AI prototype tools and provided thorough, detailed feedback. Updates to the tools are anticipated in January, informed by the feedback submitted during this testing phase. Following those updates, an additional round of testing and evaluation is planned. This iterative approach will allow the team to assess improvements and identify any remaining issues before determining next steps.

BUILDING PROJECTS

Krause Memorial (Rockford)

Project Lead: Jennifer German
Status: N/A

Approval Date: N/A
Due Date: N/A

Construction continues to progress on the Krause Memorial addition, despite several weather-related delays in December that periodically brought work to a standstill. The roof is now in place, exterior walls have been erected, and interior wall framing is underway. As a result, the building is beginning to take visible shape. Krause staff are working collaboratively to prepare for the upcoming move to the temporary location. The branch will be closed from January 19–31 to facilitate the move and will reopen at the Rockford Community Cabin on February 2. Randy Goble and the MarCom team have been instrumental in communicating the closure and relocation information to the community and ensuring appropriate signage is in place. Likewise, Kurt Stevens and the IT team are doing an excellent job planning the transfer and setup of KDL technology at the Community Cabin, ensuring staff will be fully supported and patrons will continue to enjoy the same level of services.

The support of the Leadership Team, along with the many departments and individuals assisting with move preparation, is greatly appreciated.

BUILDING PROJECTS

Walker

 **Project Lead:** Liz Knapp
Status: N/A

Approval Date: N/A
Due Date: N/A

The new Walker Library is now enclosed from the elements, and the building heated so that contractors can work on the inside of the building during the winter. On December 19, representatives from the KDL Leadership Team and the KDL Board toured the inside of the building. The Walker Branch staff are looking forward to touring the building with City Engineer Scott Conners on January 27 to kick off their first staff meeting of the new year.

In addition, Trustee shall not disclose information regarding any matters discussed in a closed session of the Board of Trustees.

power to approve the contract, which disclosure shall be made a matter of record in its official proceedings. Unless the public servant making the disclosure will directly benefit from the contract in an amount less than \$250.00 and less than 5% of the public cost of the contract and the public servant files a sworn affidavit to that effect with the official body or the contract is for emergency repairs or services, the disclosure shall be made in either of the following manners:

(i) The public servant promptly discloses in writing to the presiding officer, or if the presiding officer is the public servant who is a party to the contract, to the clerk, the pecuniary interest in the contract at least 7 days prior to the meeting at which a vote will be taken. (iii) The nature of any pecuniary interest.

(3) This section and section 2 do not prevent a public servant from making or participating in making a governmental decision to the extent that the public servant's participation is required by law. If 2/3 of the members are not eligible under this act to vote on a contract or to constitute a quorum, a member may be counted for purposes of a quorum and may vote on the contract if the member will directly benefit from the contract in an amount less than \$250.00 and less than 5% of the public cost of the contract and the member files a sworn affidavit to that effect with the official body. The affidavit shall be made a part of the public record of the official proceedings. As used in this subsection, "governmental decision" means a determination, action, vote, or disposition upon a motion, proposal, recommendation, resolution, ordinance, order, or measure on which a vote by members of a local legislative or governing body of a public entity is required and by which a public body effectuates or formulates public policy.

2024-2026 Strategic Goal:

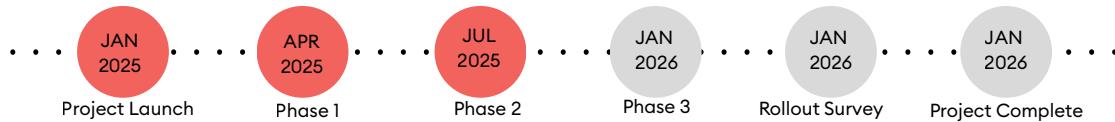

Celebrate distinctive communities by proactively prioritizing meaningful partnerships and patron relationships, finding commonalities with our neighbors, and intentionally connecting resources.

2025 Initiative #1

Evaluate community partnerships by accessing data to establish reciprocity and shared goals, develop a partnership intake process and prioritize relationships and partnerships at the branch and system levels to reveal where there may be gaps or overlaps. Create a “Who is My Community” sheet & map for each branch so key partnerships are highlighted and communicated.

Project Timeline: January 2025 - January 2026

2025 Q4 Update

On Track Paused/Delayed Canceled Completed

This quarter marked the completion of several key deliverables for this initiative. In October, *My Community Maps* were finalized and distributed to branches, giving managers ample time to share both the maps and their purpose during November in-services. The project team also refined the Salesforce Partnership Meeting Form, and updated procedures to clearly define when and how staff should use the form, so that partnerships are consistently captured and maintained.

Throughout November and December, the team shifted focus to sustainability and staff readiness. Project leader Craig Buno, Community Engagement Manager, presented the *Partnership Guide*, meeting form and *My Community Maps* to staff during a December training summit, reinforcing shared understanding across departments and roles.

Buno and his team have done an exceptional job reviewing and updating processes, procedures and forms to eliminate outdated information and reduce confusion as staff adopt these new practices. A major win for the project's long-term impact was the inclusion of every BOPS (Branch Outreach and Programming Specialist) on the project team. As key outreach coordinators for their branches, they have played a critical role in sharing and training staff on these updates.

In January, the team will release a final Communication Bulletin outlining the annual update process for the maps, highlight top community partners, and direct staff to all relevant guides, forms and procedures. A rollout survey will follow in mid-January, after which the project team will meet with the PMO to formally close out this initiative.

Strengthening Community

2024-2026 Strategic Goal:

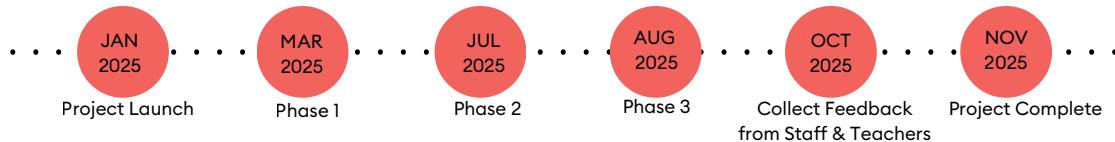

Celebrate distinctive communities by proactively prioritizing meaningful partnerships and patron relationships, finding commonalities with our neighbors, and intentionally connecting resources.

2025 Initiative #2

Develop a comprehensive school outreach menu for branches, showcasing various ways to partner and collaborate with teachers and students. Establish clear boundaries for staff prep time and designate specific months for focused outreach efforts. This initiative aims to engage students and educators effectively while respecting the unique dynamics of each partnership.

This quarter was an exciting one for the School Outreach Menu initiative as the project entered its final stretch. In October, a training plan introducing the menu, updated webpage, and staff time guidelines was rolled out to staff. The project team also prepared separate training for deeper learning a youth librarian summit in December, where staff explored how these new tools should guide and strengthen their partnerships with schools.

The project closeout meeting took place on November 17 and provided an opportunity to celebrate the completion of the initiative and address questions or concerns raised through the rollout survey. Feedback was overwhelmingly positive. Staff consistently described the menu as a comprehensive, easy-to-share resource that clearly communicates what KDL offers. Many noted that it functions as a true one-stop shop for outreach, making conversations with teachers and school partners more streamlined and effective. Both staff and teachers expressed enthusiasm for the menu, with increased engagement and new partnerships with teachers already reported.

This initiative has brought greater system-wide consistency and clarity to school outreach, helping staff better understand what to offer while making services more visible and accessible for educators. The menu has also supported reconnections with schools not visited in years and sparked new ideas for future outreach efforts.

The PMO extends its warmest congratulations to project leader Julie Ralston and her team for their dedication and successful completion of this initiative: Annette Miller, Christine Bylsma, Clare O'Tsuiji, Dave Fletcher, Hennie Vaandrager, Holland Rietberg-Miller, Jordan Perkins, Jennifer DeVault, Joyanne Huston-Swanson, Katie Zuidema, Morgan Hanks, Mike Golczynski, Penni Zurgable and Ty Papke.

Strengthening Community

2024-2026 Strategic Goal:

Celebrate distinctive communities by proactively prioritizing meaningful partnerships and patron relationships, finding commonalities with our neighbors, and intentionally connecting resources.

2025 Initiative #1

Strengthen and promote technology instruction in the library by ensuring staff have the training and equipment to assist patrons at the desk and in one-on-one sessions with emerging technologies. Evaluate tech tutoring to create clarity and centralized processes around offerings and align efforts with ENTF's digital inclusion strategies and the National Digital Inclusion Alliance to tackle the expanding digital divide with best practices and existing framework.

The Tech Tutoring initiative gained significant momentum this quarter beginning with the successful launch of its pilot phase. In October, the project team prepared for pilot rollout at the Cascade, Caledonia, Kentwood and Gaines branches, which officially launched on November 5. With the intake form fully integrated into Microsoft Bookings, the solution has proven effective, and both patrons and staff at pilot branches have shared valuable feedback through surveys. This feedback helped inform the systemwide rollout, which is taking place region by region, with all regions expected to be live by the end of January 2026.

A key milestone this quarter was establishing a clear distinction between tech help and tech assistance, defining what can be supported at the service desk and which require a scheduled appointment. Work is also underway to design a webpage to clearly communicate the scope of tech assistance available at KDL and guide patrons to the right level of support. The project team is excited to see all branches using Microsoft Bookings to schedule Tech Help appointments, streamlining staff workflows while improving the patron experience.

2025 Initiative #2

Collect and reflect on the egaming lab data from KDL's 3 branches. Expand esports as patron interest supports, evolving usage from open play to formal team engagement and game creation, while integrating egaming as a central STEAM component for next summer's programming to enhance educational and career opportunities for public and homeschool students.

This quarter focused on preparations to operationalize KDL's gaming labs as this initiative moved toward formal project closeout. In October, the PMO met with the project team, along with managers and staff overseeing gaming labs, to align on best practices and shared processes to support long-term sustainability. A key outcome of this session was the designation of an esports "champion" at each location with a gaming lab to support lab success, share knowledge, maintain standards, and help guide partnerships and future direction. Additionally, centralized processes were established to support both KDL's six existing labs and the future lab planned for the Walker library expansion.

On December 11, project leader Kurt Stevens, Director of IT, met with the PMO to formally closeout the initiative. Feedback from the rollout survey highlighted strong engagement at all participating branches, with esports labs attracting new library users - particularly teens and young adults. Survey feedback also informed a Communication Bulletin, scheduled for release alongside the project closeout announcement in January, which will outline newly centralized esports procedures and the esports champion role.

While this project formally launched in 2025, esports initiatives have been part of KDL's strategic plan since November 2023. Sincere thanks are extended to Kurt Stevens, along with his team: Angela Culp, Bethany Metivier, Brad Baker, Dan Nguyen, Joyanne Huston-Swanson, Kat Glardon, and Keeva Filipek.

2025 Initiative #1

Develop a clear framework and timeline for cross-promotion and invite-back strategies within our programs to enhance visibility and engagement, and to maximize the reach and impact of our services across all branches. Establish guidelines to streamline promotional efforts and ensure consistent messaging.

The Cross Promotion project team began the quarter with its official kickoff meeting on October 8, where meeting dates and the project's goals and deliverables were reviewed. By the end of November, the team gathered foundational information about existing programs, clarified goals, and established the structure needed to move forward with confidence.

As the project moved into Phase Two, the focus shifted to design and development, with an emphasis on active engagement and feedback from frontline staff, department leads, and cross-functional partners. These conversations have been instrumental in identifying opportunities and anticipating potential challenges early. Project leader Lulu Brown, Regional Manager I, has prioritized transparency during each phase, encouraging her team to share regular updates at branch huddles, and thoughtfully incorporating feedback into ongoing planning.

Progress continued through December as the team focused on refining early concepts. Staff input has been translated into clearer considerations and opportunities for greater consistency across locations. This feedback has helped shape solutions that are realistic and supportive of daily library operations.

The project remains on track with its projected timeline, and the team appreciates the continued support and guidance from both Randy Goble as the project sponsor and the rest of the Leadership Team as it advances toward upcoming milestones.

2025 Initiative #2

Define and establish pathways for core programs, ensuring structured development and implementation. Create a schedule to regularly reassess and refine each core program. This initiative aims to maintain program relevance, ownership and effectiveness over time.

2025 Q4 Update

On Track Paused/Delayed Canceled Completed

Project leader Hennie Vaandrager, Programming and Outreach Manager, and her team made significant progress this quarter, with all Phase Two deliverables completed in November. Given the complexity and breadth of KDL programming, the team continues to move forward with a strong focus on clarity, boundaries, and sustainability as programming evolves into 2026. While opportunities for innovation are plentiful, capacity remains limited, making shared strategy and clear decision-making essential.

In December, the project moved into Phase Three, which will focus on training the organization to clearly distinguish between Core programs and branch-sponsored programs, along with establishing consistent guidelines for how programs are created and funded. Vaandrager will present this information to Managers and BOPS in January, followed by a system-wide training rollout that will also be incorporated into onboarding for all new employees.

Another key outcome of this project is the establishment of a four-year assessment cycle for all major KDL initiatives, introducing a consistent and much-needed process for evaluating staff-intensive and long-running programs. These assessments will examine usage data, budget considerations, and staff and patron feedback.

The project team is excited to see this work create space for thoughtful innovation while ensuring KDL's Core programming remains strategic, sustainable, and impactful.
