

1

Wild Wildlife!

Can you find one of nature's wild residents? An insect, bird, animal?

2

Leaf Detective

Find three different types of leaves.

3

Sensory Hunt

Can you find things in nature that feel or look: soft, smooth, prickly?

4

Sound Detective

Listen for sounds with your eyes closed. How many sounds did you hear?

5

Nature's Colors

Can you find these colors in nature?

**Green Brown Red
Blue Yellow Purple**

6

Shape Finder

Can you find these shapes in nature?

7

Outside Art

Create art using twigs, leaves, and stones. (Please leave growing plants alone!)

8

Water Features

Can you find any water like a stream, pond, or a puddle?

9

Creature Homes

Look around for a place a creature might make a home. Who might live here?

10

Mini Bridge

Collect small twigs, rocks, or leaves and create a mini bridge.

11

Outside Fun

Find a place where you would like to play, hike, relax or enjoy a picnic!

12

Technology

Can you find something outside that people made to solve a problem?

13

Protecting Nature

Could something be added to protect the green space or to support the wildlife?

14

STEAM Nature Face Activity

15

STEAM Gnome Home Activity
