

In Mandatory Walk-thru on Tuesday, June 16 at 11:00 AM at the KDL Service Center.

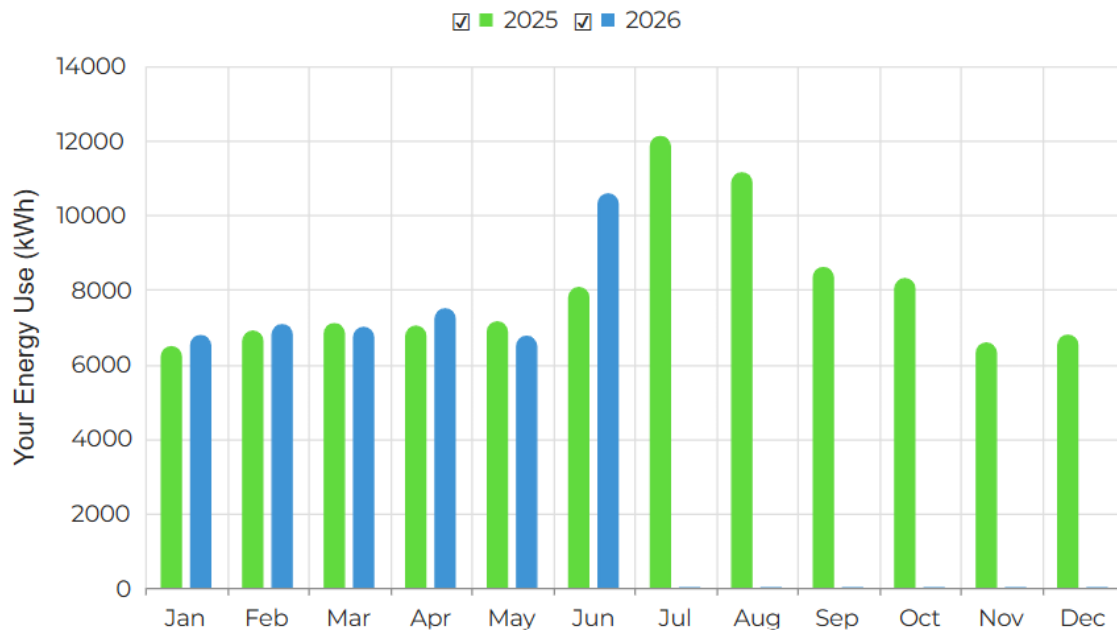

A request was for Historical Max kW, not kWh.

Consumers Energy provided:

Suite A (Service Center) 22,460.77 kWh

Suite B (Meeting Center) 11,709.71 kWh

KDL is one entity, can we get one meter? We would need an engineer & HVAC professional to determine if this is possible before Consumers will consider it.
